GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General
Establishment.

READ—the following papers:—

Note by the Chief Engineer for Irrigation.

No. 19 E.W.

The accompanying proposition statement of establishment required from 1st March 1889 to 28th February 1890, for the Tank Restoration Scheme, is submitted for the sanction of Government.

2. The first statement printed with G.O., No. 767 I., of 22nd December 1888, shows that the margin between investigation and execution was about 5 lakhs at the end of September 1888. This is considered sufficient, and since the six parties, as at present constituted, turn out estimates exceeding in amount the annual grant available for "works," it is proposed to further reduce the strength of each party to one overseer, three surveyors, and proportionate office and petty establishment. The office and petty establishment may be reduced at once, from 1st April, and reduced provision for these has accordingly been made in the accompanying statement; but as resignations are frequent in the Tank Restoration establishment, it is proposed to effect the reduction among overseers and surveyors gradually, as vacancies occur, and not by dispensing with the services of the extra men at once, since the latter course would only involve the loss of practised men, while the vacancies that are sure to occur in the next few months would have to be filled up by men unaccustomed to the work. It is anticipated that the proposed scale will be worked down to in six months or less; meanwhile the numbers at present actually employed are provided for in the statement.

3. As proposed in the note accompanying G.O., No. 3978 W., dated 19th December 1888, two sub-parties will be started in the Godavari district, from 1st April, one to be under the Executive Engineer, Eastern division, and one under the Executive Engineer, Western division; each sub-party to consist of one overseer, two surveyors, and office and petty establishment. These sub-parties will be furnished with overseers and surveyors by transfer from the existing parties.

4. It is also proposed to start a small party in Vizagapatam district, which will be under the orders of the Executive Engineer, Vizagapatam division, and will similarly be furnished with an overseer and two surveyors from the existing parties, whose proposed reduction will thus be almost wholly effected.

5. The amount of sanctioned estimates in Chingleput being about 4 lakhs in advance of the expenditure up to date in that division, it is considered inexpedient to add to the former by preparing more estimates, many of which would probably be rendered obsolete by breaches, weather, &c., before there can be any hope of their being worked out. It is therefore further proposed to transfer No. II Party on the completion of the Chembrambakam minor basin in May to Tinnevely, in which district it will begin work at the southern extremity, working northwards to meet

No. I Party which will shortly be entering the northern part of the district from Madura. No. II Party while in Tinnevely will be under the Executive Engineer, No. I Party, and as No. IV Party will be entering Salem district about the same time that No. II Party moves to Tinnevely, No. V Party (North Arcot) may conveniently be combined under the Executive Engineer with No. IV Party, and one Executive Engineer thus set free for employment on the ordinary Public Works establishment or elsewhere. The completion of Chingleput district may meanwhile be deferred until some of the large amount of estimates relating to it has been worked off.

6. A statement of the upper subordinates required is submitted for the first time; it cannot, therefore, contain a comparison with the "present scale;" it is, however, in exact accordance with present actuals.

7. The estimate for surveyors and for petty establishment chargeable to "works" will be disposed of in the Irrigation Branch.

CHEPÁK,
8th March 1889.

(Signed) G. T. WALCH,
Ag. Chief Engineer for Irrigation,
Tank Restoration Scheme.

To the Chief Engineer, Public Works Department.

ENCLOSURES.

PROPOSITION STATEMENT showing the special establishment required for the Tank Restoration Scheme for 1889-90.

CHEPÂK,
4th March 1889.

(Signed) G. T. WALCH,
Ag. Chief Engineer for Irrigation,
Tank Restoration Scheme.

From the Examiner, Public Works Accounts, dated 14th March 1889, No. 334.

ORDER—dated 16th March 1889, No. 810 W., Public Works.

The proposals of the Chief Engineer for Irrigation for continuing and extending the operations of the Tank Restoration Scheme during 1889-90 are approved, and the statement of special establishment required during the year is sanctioned.

2. Provision for the requisite upper subordinate establishment will be made separately.

3. This sanction has been registered as Provincial No. 74 W. of 1888-89, and classified as Establishment, Temporary.

MARCH.

Tank Restoration Scheme

Orders approving proposals of the Chief Engineer for Irrigation for continuing and extending the operations of the — during 1889-90.

No. 151

FROM,

Major D. McNeil Campbell R.E.
SUPERINTENDING ENGINEER

FIRST CIRCLE.

TO,

THE CHIEF ENGINEER

PUBLIC WORKS DEPARTMENT.

DOWLAISHWERAM, 12th July

1889.

SIR,

I have the honor to bring to your notice that the Vizagapatam Division Officer has reported to me that a notice has been put in the Port Saint George Gazette and the Local Gazette inviting applications for the draftsman's post sanctioned in G.O. No. 810 W. dated the 16th March/89 for the Tank Restoration Party of the Division and that not a single application has been received for the post. I then asked the Principal of the Civil Engineering College Madras to send a passed man if possible

2. As the salary of Rs 20 sanctioned for the post is insufficient to tempt passed men to take up the appointment, I recommend that the salary of the post be raised to Rs. 30 at least. I herewith submit a proposition statement in the prescribed form and trust that ^{for} the reasons stated above, you will see fit to obtain the sanction of Government to the same. The salaries of the two draftsmen sanctioned for the No VII Tank Restoration Party now working in the Godavari District are Rs 30 each.

Sin

Yours most obedt servant

Mr. Cassatt
Superintending Engineer
Pa. Circle
