8TH AUGUST 1889, No. 2124 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From Colonel J. PENNYCUICK, R.E., Superintending Engineer, Periyár Project Works, to the Chief Engineer, Public Works Department, dated Periyár, 16th July 1889, No. 1207 P.R.

I have the honor to request the sanction of Government to the entertainment of two additional store watchmen and one messenger to No. I Periyár division.

2. The reason for the additional establishment now applied for is explained in the remark column of the enclosed proposition statement.

3. In the proposition statement the increased salaries sanctioned in G.O., No. 1472 W., dated 4th June 1889, to the temporary employés and the pay of the hospital assistant, whose appointment is sanctioned in G.O., No. 490 W., dated 18th February 1889, are included.

Office note from the Examiner, Public Works Accounts, dated 29th July 1889, No. 1064.

Order—dated 8th August 1889, No. 2124 W., Public Works.

The revised statement of temporary establishment required for the Periyár project during 1889-90 is sanctioned.

2. This sanction has been registered as Provincial No. 28 W. of 1889-90 and classified as Establishment, Temporary.

Read—the following paper:—

From G. H. D. WALKER, Esq., Under-Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 9th March 1889, No. 694 G.

In reply to your letter No. 3153 W., dated the 8th October 1888, and subsequent reminder No. 371 W., dated the 9th ultimo, I am directed to state that the Government of India is pleased to confirm the sanction accorded by the Government of Madras to the disbursement of the special allowances sanctioned for the staff of the Periyár Project to the whole of the establishment, permanent and temporary, for periods spent above the ghâts.

2. I am, however, to state that the grant of the allowances to members of the temporary establishment should be now discontinued, inasmuch as temporary employés, whose salaries should be fixed with reference to local disadvantages are not entitled to local allowances.

3. These allowances should be drawn only for periods spent above the ghâts. They should not, however, be retrenched on account of absences not exceeding ten days.

Order—dated 22nd March 1889, No. 861 W., Public Works.

Communicated to the Superintending Engineer, Periyár Project, with reference to G.O., No. 3152 W., dated 8th October 1888.

Establishment.

Read—the following paper :—

From Colonel J. PENNYCUICK, R.E., Superintending Engineer, Periyár Project Works, to the Chief Engineer, Public Works Department, dated Periyár, 22nd March 1889, No. 507 P.R.

I have the honor to solicit the sanction of Government to the increase of the pay of the draftsman attached to my office from Rs. 60 to Rs. 80, with effect from the 1st April next. I was under the impression that it had been entered at Rs. 80 in my budget statement for 1889-90, but find that by an oversight this was not done.

2. The work is found to be much heavier and more responsible than I expected when the office was first formed, and the holder should, I think, have the same position as the head draftsman of other Superintending Engineers' offices.

3. The present holder, D. John Pillai, is a man of superior attainments, holding a 1st-class certificate and belonging to the permanent establishment. There is no doubt that he has missed opportunities of promotion on the latter by his employment here.

4. A proposition statement in regular form is enclosed.

Establishment

Temporary office — required for the Periyár Project works during 1889-90, sanctioned.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

> From Colonel J. PENNYCUICK, R.E., Superintending Engineer, Periyár Project Works, to the Chief Engineer, Public Works Department, dated Kodaikánal, 19th April 1889, No. 632 P.R.

With reference to G.O., No. 861 W., of 22nd March 1889, I have the honor to observe that there appears to be some misapprehension as to the state of affairs regarding the grant of Periyár allowances to members of the temporary establishment.

2. The letter from the Government of India printed with the Government Order quoted refers to "the sanction accorded by the Government of Madras" to the disbursement of these allowances to "the whole of the establishment, permanent or temporary," employed above the ghâts.

3. I am not aware of any such order; G.O., No. 3152 W., of 8th October 1888, merely stated that the question would be referred to the Government of India, and as a fact the allowances in question have not yet been drawn by any member of the temporary establishment.

4. I presume, however, that the order under reply may be taken as sanctioning the payment of the extra allowances up to the date of its receipt, which for convenience sake may be taken as the 31st March (it was actually received on the 4th April), and have therefore instructed the Executive Engineer to claim them up to the end of March.

5. Inasmuch as the men interested have already suffered severely from the long delay in the settlement of the question, and as the claims now to be submitted could probably not be audited much before the end of May, I have authorized the Executive Engineer (in anticipation of the sanction of Government) to disburse at once 90 per cent. of all claims, of the propriety of which he is satisfied.

6. As it has now been definitely decided that in future the salaries of temporary employés should be fixed with reference to local disadvantages, and that such men should not receive local allowances, it becomes necessary to consider what increase of pay should be given on this account.

7. The enclosed list includes all temporary employés sanctioned up to date with their present salaries and the additions recommended with effect from the 1st April.

8. No additions are proposed in the cases of certain men whose salaries were either distinctly stated on appointment to include Periyár allowances or were specially fixed with regard thereto. The salaries of all the others are simply those drawn by men performing similar duties elsewhere, and were fixed in the full belief that the local allowances would be granted in addition.

9. To these an increase is proposed equal to two-thirds of the sums sanctioned in G.O., No. 2180 W., of 18th July 1888, this proportion being adopted because the extra pay will be drawn all the year round and while on privilege leave, while the local allowances will only be drawn for an average of nine months in the year and will be forfeited during leave.

10. Of course in the event of transfer from one division to the other the salaries of individuals will be revised or exchanged, but each such case can be dealt with on its own merits.

Enclosure.

PERIYAR PROJECT.

Kodaikanal,
19th April 1889.

(Signed) J. PENNYCUICK, Col., R.E.,
Supg. Engineer, Periyár Project Works.

From Colonel J. PENNYCUICK, R.E., Superintending Engineer, Periyár Project Works, to the Chief Engineer, Public Works Department, dated Kodaikánal, 2nd May 1889, No. 728 P.R.

I have the honor to bring to notice that in the ilst of temporary establishment which accompanied my No. 632 P.R., dated 19th April 1889, the proposed salary of clerks and draftsman who are now in receipt of Rs. 25 per mensem is entered at Rs. 33.

2. This was entered under the impression that the Periyár allowance for men on the permanent establishment drawing the same rate of pay would be Rs. 12–8–0, but I overlooked the limitation to a maximum of Rs. 8. The proper increase to the pay of temporary men would therefore be Rs. 5, and I request that the entries of Rs. 33 in the column for proposed rate of pay may be altered to Rs. 30.

Office note from the Examiner, Public Works Accounts, dated 8th May 1889, No. 611.

The letter of the Government of India communicated with G.O., No. 861 W., dated 22nd March 1889, was, I think, evidently not intended to do more than confine action already taken by the Madras Government, and gave no authority for any payments not previously authorized by that Government. The Superintending Engineer's action in authorizing payments which are not authorized by the Government of India seems unfortunate and is likely to lead to inconvenient complications, especially as there is nothing to show that he has informed the Executive Engineer of his proposals to Government, and he has authorized him to pay 90 per cent. of claims, whereas he does not recommend to Government to grant more than 66·6 per cent. in any case, and only that much in certain cases. It seems desirable, therefore, that the Superintending Engineer should be requested by wire to allow no further payments pending final orders of Government.

2. The scale on which the salaries of temporary employés should be increased is entirely a matter for Government, but it may be well to consider whether, when work on the plains is further advanced, the Superintending Engineer's office will remain at Thekady during the whole of the working season above the ghâts. If it does not remain there for the whole of that time, the additions to the pay of the members of the Superintending Engineer's office should not perhaps be fixed on considerations properly applicable only to establishments which, like the Executive Engineer's, will remain at Thekady throughout the season.

Office note from the Examiner, Public Works Accounts, dated 18th May 1889, No. 682.

I do not think the supposition would be a reasonable one. The question is not one which need be affected one way or the other by the expiry of financial year, and if the Government of India had meant that the allowances should be paid up to the end of financial year and then cease, I think they would have said so. As it is, they seem to say very plainly that they confine the action which they mistakenly suppose the Madras Government to have authorized, but that now, *i.e.*, now that they have communicated their decision, the payments supposed to have been authorised must be *discontinued*.

Order—dated 4th June 1889, No. 1472 W., Public Works.

In their letter, dated 9th March 1889, recorded with G.O., No. 861 W., dated 22nd March 1889, the Government of India in sanctioning the disbursement of special allowances to the staff of the Periyár project for periods spent above ghâts, intimated that the grant of the allowances to members of the temporary establishment "should now be discontinued." The Government of India were aware that the Madras Government had previously authorised the disbursement of the allowances to the temporary establishments; and, in ordering that the allowances to these establishments "should now be discontinued," it is clear that the intention was that they should be discontinued from date of receipt of the orders withdrawing them. These orders reached the Superintending Engineer on the 4th April 1889. There thus seems no objection to the Superintending Engineer's proposal to stop the allowances from the preceding 31st March, the last day of the official year.

2. As it would appear that certain of the members of the temporary establishment were engaged on the understanding that they would receive the special allowances now withdrawn, it is only just that these men should be compensated by increase of pay. The proposed increases are therefore sanctioned with effect from

1st April 1889. Temporary establishments engaged in future should be distinctly informed that they will be entitled to no local allowances.

3. These Proceedings will be forwarded for the information of the Government of India.
