From G. H. D. WALKER, Esq., Under-Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 25th July 1889, No. 2150 G.

With reference to your letter No. 1685 W., dated 27th June 1889, forwarding, for consideration and orders, copy of correspondence regarding the proposed grant of an allowance of Rs. 25 per mensem to the 2nd-class Hospital Assistant attached to the Thekady hospital, Periyár project, I am directed to state that Assistant Surgeons and Hospital Assistants in Baluchistan receive allowances at the rate of Rs. 50 per mensem and 30 per cent. on pay, respectively, and to request that these two classes and rates may be added to those mentioned in para. 4 of Public Works Department No. 118 I. of 3rd July 1888.

Order—dated 8th August 1889, No. 2135 W., Public Works.

From R. B. BUCKLEY, Esq., Under-Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 5th May 1888, No. 85 I.

In reply to your letter No. 1181 W., dated the 20th April 1888, requesting an early reply to your No. 508 W., dated the 13th February 1888, relative to the grant of extra allowances to the staff employed on the Periyár project works, I am directed to state that no reply can be sent pending the decision of the Government of India on certain proposals now before it regarding a general scale of local allowances for officers of the Public Works, Military Works, and Telegraph Departments.

From Colonel R. C. B. PEMBERTON, R.E., Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 3rd July 1888, No. 118 I.

In continuation of Public Works Department telegram, dated the 13th June 1888, repeated in the margin, I am directed to observe that in para. 2 of your letter No. 2315 W., dated the 29th August 1887, the sanction of the Government of India was requested to the grant to the staff employed on the head works of the Periyár project of the additional allowances detailed below:

office and lower subordinate establishment one-third of pay, with minimum of Rs. 15.

2. In reply,* it was said that no allowances beyond those ordinarily allowed by rule could be given, and the Government of Madras was further told that if it was desired for any special reasons to recommend the grant of special allowances, the case must be separately submitted for orders with full and complete explanations. In October 1887, the Government of Madras replied† to the effect that it was satisfied that the conditions of life at the head works of the Periyár were quite as unfavorable as regards cost of living and locomotion, or risk to health, as those prevailing in the other districts of the Madras Presidency, where special allowances are granted; with this reply was also forwarded a statement comparing the estimated

cost of fixed allowances recorded in Colonel Pennycuick's report with the extra allowances permissible under the existing rules for hill tracts in the Madras Presidency; some further correspondence took place ending with the telegram from this office above quoted.

3. Meanwhile, an inquiry into the local allowances granted in different parts of India had been commenced by the Finance Committee, and being left incomplete by them was carried on in the Finance Department of this Government. Finally, the particular application of the principle laid down was entrusted to the special consideration of a committee of departmental and financial officers, which has drawn up a scale of local allowances for officers of the Public Works, Military, and Telegraph Departments serving in different parts of India. The recommendations of the committee have been approved of by the Government of India. It is conceived that no ground can be given for paying higher rates of allowances at Periyár than in Baluchistan or Upper Burma, and the Government of India trusts that His Excellency the Governor in Council will not object to the application of these rates to the present case.

4. With these remarks, I am directed to inform you that His Excellency the Governor-General in Council is pleased to sanction the grant of local allowances to the Public Works Department staff employed on the head works of the Periyár project, as per scale specified in the margin, which has been approved by the Government of India for Baluchistan, and is under consideration for Upper Burma.

Read—the following papers:—

From Mr. S. J. MULLENS, Civil Apothecary, Periyár Project, to the Executive Engineer, Periyár Division, dated Periyár, 1st August 1888, No. 1 C.

I beg to bring to your notice that in the Government Order sanctioning hill allowance for the establishment employed here, the scale at which the medical subordinate should draw the allowance has been apparently omitted. At present, I as a Civil Apothecary of Madras am ranked in the second class and draw allowances given to second-class officers—*vide* Travelling Allowance Code, chapter II, page 3, section 4 (*b*).

2. I therefore think that I should enjoy the benefit of the hill allowance sanctioned for upper subordinates of the Public Works Department corresponding with my grade and not that of clerks and sub-overseers, and to request you will be pleased to recommend my case and get the allowance sanctioned as requested.

From G. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Secretary to Government, Public Works Department (through the Chief Secretary to Government, Public Department), dated Ootacamund, 27th August 1888, No. 0/468.

In returning the papers referred to me for remarks under your endorsement, No. 490 D., of the 10th instant, I have the honor to observe that the question of the grant of hill allowance to the Civil Apothecary attached to the Periyár project was once before referred to me by the Examiner, Public Works Accounts, in February last, and I then proposed that he might be granted a special allowance of 50 per cent., *plus* Rs. 15 horse allowance, or Rs. 40 in all, in addition to his pay of Rs. 50.

2. I now see from the G.O. of 18th July 1888 that the Government of India have sanctioned the grant of consolidated local allowance to the Public Works Department staff employed with the Periyár project. The scale of allowances varies according to the rank of each officer. As under section 4 (*b*), Civil Travelling Allowance Code, Civil Apothecaries rank in the second class, to which class Overseers drawing more than Rs. 100 per mensem also belong, I am of opinion that the request of the Apothecary to be placed on an equal footing with Overseers in respect to the scale of local allowance is a reasonable one, and I concur with Colonel Pennycuick that the Apothecary should draw the same allowance as an Overseer, viz., Rs. 40.
