Madras 30th July 1889.

To

The Honorable J. F. Price Esq.

Chief Secretary to Government
Cotacamund

Sir

The whole of Madras is supplied with the "Red Hill Lake water" except Fort St. George, where the Seven wells water works run. The late Duke of Buckingham gave in his minutes regarding the Seven wells water works, he says that the Red Hill water is much superior than the Seven wells, but he says as soon as the Red Hill Lake water is filtered, he will stop the Seven wells water and introduce the Red Hill Lake water into the Fort. There is an easy remedy which did not present itself before the late Duke and that is to carry the Red Hill Lake water into the filtering cistern of the Seven wells.

Thus the Red Hill Lake water
being discharged into the Seven wells
filtering reservoir, will supply the
Fort and other places with the
excellent pure and wholesome
water which the whole Town of
Madras now enjoys. If this is done
the Seven wells premises can be
handed over to the Municipality
and the exorbitant expense of the
present Seven wells establishment
abolished, which will be a saving
to Government.

Hoping this humble suggestion
will meet with due consideration

I beg to remain
Sir

Your most obedient servant
P. L. Jermoloff

SUBJECT.

Suggesting that the present
Lemon wells establishment can be
abolished by discharging the Red Hills
Lake water into the Lemon wells filter-
ing reservoir which will supply the
Fort and other places with pure water.

ABSTRACT.

The writer is thanked
for his communication
and is informed that
the arrangement pro-
posed by him has
not been overlooked by
the Govt. It has
however, been decided
that no change
should be made at
present.
