HEADING Native Lines
Hutting.

It is requested that the heading, number, and date of this communication may be quoted in any subsequent correspondence on this subject.

QUARTER MASTER GENERAL'S OFFICE,
Ootacamund,
25th July 1889.

No. 2079B

From

BRIGADIER-GENERAL M. PROTHEROE, C.B., C.S.I.,
QUARTER MASTER GENERAL,

To

THE SECRETARY TO GOVERNMENT,
MILITARY DEPARTMENT.

SIR,

With reference to G. O. Military Department No. 3699 dated 6th ultimo, I have been desired by His Excellency the Commander-in-Chief to submit the accompanying statement showing the proposed allotment of Rupees 20,000 included in the Military Works Budget Estimate for the current year to be expended in the sanitation of Native Lines in this command.

2. Items 1, 2 and 3 are necessary for the completion of the Pioneer Lines at Bangalore. The money noted against item No. 1 has already been expended from the grant from the

military

Military Budget for the construction of Barracks and married Sepoys' huts, and will have to be refunded to enable the Officer Commanding 1st Pioneers to finish these buildings. Item No. 4 is to cover part of the cost of deepening Millers' Tank at Bangalore, whereby the water supply of the Madras Infantry battalions occupying the East and West hutting lines in that Station, will be greatly improved. (See my letter No. 543 Barrack dated 13th ultimo to your address.) Item 5 is for the improvement of the water supply at Bellary, and with items 6, 7 and 8, has been recommended for execution, by the local Sanitary Committee, which has been assembled to report on the lines at each station.

3. In regard to the orders contained in para 4 of C. G. dated 1st May 1889, No. 1157 W. Public Works, the Commander-in-Chief recommends that the whole of the difference between the total allotment of Rs. 25,000 and the sum of Rs. 16,699 provided in the Madras Public Works Budget, be expended in the subsoil drainage of the Secunderabad Native lines, a work which has been strongly recommended by the Sanitary Committee assembled at that Station. This amount may not be sufficient for the completion of the work, but it will go a long way towards it; and any drainage left undone for want of funds at the end of the current official year, can be completed next year from the grant for 1890/91.

4. The estimated expenditure on the above items being approximate only, a small reserve of Rs. 617-9-8 has been entered, which, it is suggested, may be applied, if necessary, towards the completion of any of the above works, should it not be required for this purpose it can be allotted later on in the year to an additional sanitary work.

5. In the remark column of the final issue of

of the Imperial Military works estimate for 1889/90, Part I, class B works item No. 4 "Improving the sanitation of the Lines of Native troops: Rs. 16,699", it is noted that estimates are awaited; in order, therefore, to save time, copies of the proposed allotment will be forwarded to General Officers Commanding Districts, with a request that they will cause the necessary estimates to be submitted without delay.

I have the honor to be
Sir
Your obedient Servant
M. Protheroe Brigr. Genl.
Quarter Master General
Jo

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 10th August 1889

READ the following

Letter from the Quarter Master General. ...... No. 2079 B d/25th July 1889.—

Endorsement thereon in the Military department .. No. 4998 d/26th July 1889.—

5. P

With his letter above recorded, the Quarter Master General submits a statement showing the distribution of the grant provided in the current year's Military Works Budget, for improving the Sanitation of the lines of Native troops under the Madras command. The distribution proposed is approved, and the following allotments are accordingly sanctioned:—

1st Class

(1). Provision of wells and drains in 1st Pioneer lines Bangalore .... Rs 2,687—

(2) Completing the drainage of the Pioneer lines, Bangalore 6,450—

(3) Provision of public latrines Pioneer lines, Bangalore ...... 745—

(4) Improvements to water supply, East and West Hutting lines, Bangalore. .... 2000—

(5)

	Rs
(5) Sinking a new well, North & South lines, Bellary.	1,000 — " — "
(6) New standard plan latrines, East hutting-lines, Bangalore	2,000 — " — "
(7) New standard plan latrines, new lines, Trichinopoly.	4,000 — " — "
Total Rs	16,082 — " — "

2. — As the above allotments amount to only Rs 16,082 against the budget grant of Rs 16,699, the difference Rs 617 will be held in reserve with the Government ~~for~~ to supplement ~~ing~~ the above grants if necessary, or for allotment later in the year to any additional sanitary works.

3. — As regards item No. 11, it is observed that the amount has already been expended from the grant provided in the Military Budget for the construction of Barracks & Married Sepoys' huts, and will have to be refunded to enable the officer commanding 1st Pioneers to finish these buildings.

buildings. The Superintending Engineer, V Circle will expedite the submission of an Estimate for item (4). The approximate cost of the other items being within the Superintending Engineer's power of sanction, early steps should be taken to obtain the approval of the Military authorities to Estimates for the works, which should be completed as early as practicable.

4. — The Quarter Master General will be requested to expedite the submission of detailed proposals for utilizing the grant provided for the "Institutes of British Regiments and Batteries in the Presidency".

5. — With reference to para 4 of G. O. No. 1159 W dated 1st May 1889, the Govt. of India will be requested to ~~[illegible]~~ instruct the Resident at Hyderabad to make the necessary provision for the subsoil drainage of the lines at Secunderabad.
