Supg. Engg's office 4th Circle
Coataramund 31st July 1889.

From

Col. H. M. Vihart R.E.
Supg. Engineer, 4th Circle
The Chief Engineer,
P.W. Department.

Sir,

With reference to para 2 of L.O. dated 9th July 1889, No. 1816 W, I have the honor to state that the stores in question are for house connections of the North Coataramund water supply scheme.

2. House owners call for estimates daily and it takes them months to pay the money. Some ^{have} house not as yet paid the money although estimates were made some time ago and it is not improbable that several house connections will not be carried out at all, owing to the failure of the owners to pay the estimated amount.

3. In these circumstances it will not be safe to get the things direct from England which would entail great delay, nor is it advisable to obtain a stock from England in anticipation of the house owners paying the amount of the estimated cost of house connections.

I have the honor to be
Sir
