READ—the following papers :—

From Lieutenant-Colonel H. R. SHELLEY, Superintendent, Army Clothing, to the Secretary to Government, Military Department, dated Madras, 10th July 1889, No. 64.

With reference to the marginal orders sanctioning a special allotment of Rs. 17,600 for the construction of two store sheds required by this department in consequence of the transfer of the Bombay Clothing Agency to Madras, I have now the honor to bring to notice that, by the substitution of ordinary bricks for the stock bricks originally estimated, there is likely to be a saving of about Rs. 5,500 in the sum above sanctioned.

(2) Proceedings of Government, Military, No. 3480, dated 29th May 1889.

2. This saving I am anxious to utilise on a *packing shed* urgently needed for this department, and I beg to request that Government will be pleased, under the circumstances, to sanction the construction of an ordinary building for our requirements *within* the savings above referred to.

3. I am informed that the sanction of the Government of India will not be necessary in this matter ; and as the shed required need only be built of brick-in-mud with palmyra rafters and country tiles for the roof, I understand that it will take very little time to complete.

4. The shed is not only needed to give the packing overseer more room for packing and painting bales in the wet weather, but for the storage of clippings for despatch annually to England ; and as I would wish, if possible, to see the work completed before 1st October, I trust Government will be pleased to pass very early orders on this application.

5. I may add, for the information of Government, that both the sheds now under construction will be completed by 1*st August.*

From the Examiner, Public Works Accounts, dated 5th August 1889, No. 1097.

If the store sheds can be completed with a saving of Rs. 5,500 (after charging off the usual percentages for establishment and tools and plant), there would apparently be no objection to the balance of the grant of Rs. 17,600 sanctioned in G.O., No. 1241 W., dated 10th May 1889, being utilised in the construction of the packing shed, provided that an estimate is sanctioned for the latter, and that the amount of such estimate with percentages for establishment and tools and plant does not exceed the balance of the grant available.

Order—dated 12th August 1889, No. 2184 W., Public Works.

Communicated to the Consulting Architect to Government, who is authorised to build the packing shed from savings on the grant of Rs. 17,600, after an estimate has been duly sanctioned. The work should be undertaken without delay and completed before the 1st October if practicable.

(Signed) A. R. KENNEY-HERBERT, Lieut.-Col.,
Secretary to Government.

Order—dated 25th May 1886, No. 1302 W., Public Works.

The revised estimate, amounting to Rs. 30,990, for constructing public buildings for a regiment of Native Cavalry at Bangalore, is sanctioned in supersession of the estimate of Rs. 23,490 sanctioned in G.O., No. 1552 W., dated 20th June 1884.

2. The revision of the estimate is due chiefly to the sanctioned increase in the strength of a Native Cavalry regiment, and to change of site and other trifling alterations which are detailed in the report.

3. This sanction has been registered as Imperial, Ordinary No. 6 W., of 1886-87, and classified as Military, Original Works.

4. Ordered that a copy of these proceedings be forwarded to the Government of India, Military Department, for information, with advertence to their letter No. 528 M.W., dated 30th May 1884.
