Executive Engineer
Cannalore Division

The Superintending Engineer
4th Circle

Sir, Adverting to G.O. 22nd September/88
No 2981 in the matter of Residences for
Government officials, I have the honor
to bring to your notice that at present
it is rather difficult for an Executive
Engineer to know whether he is collect-
ing the proper amount of rent monthly.

Under the terms of rule (5) of Re-
solution of the Government of India dated
7th September 1887, Nos 479 B, and
under rule (1) in the Resolution Nos
481 B of the same date, the actual
charge for rent for existing residences
is subject to a maximum of 10 p. C
on the salary and local allowances
of the official in actual occupation,
and for houses to be purchased or
constructed the limit is 8 p. C. when
the rent fixed under the instructions
given in the Resolution referred to
is more than 10 (or 8 p. C) of an officer's
salary.

less?

2

salary as the case may be, the rent to be collected is then calculated with reference to the salary of the official in actual occupation. This is what causes the difficulty, for an Executive Engineer has no ready means of knowing what is the amount of the salary of the official in occupation, particularly in the case of graded officers and non gazetted officials.

3. Under these circumstances I think another column in which to exhibit the monthly salary and local allowances of the official in occupation should be opened in Form No M 42A. This column could be filled by the Treasury officer and then the Executive Engineer and his accountant would be able to see at a glance whether the proper rent is being collected from each officer.

4. I wish further to bring to your notice that the present system of collecting rents seems to me objectionable as regards office work. The existing procedure is, that the officer who occupies a residence pays the rent into the nearest Treasury, and the result is that payments of rent are made irregularly and often fall into arrears, and then the Executive Engineer has to

remind

Officers 2194
remind ~~them~~ of the arrears due which sometimes is not pleasant. To obviate all this I recommend that the Treasury officer should stop the rent at the time of payment of salary. There would be no difficulty in carrying out this suggestion, as regards this department, for a list in Form No M 42A is sent every month to the Treasury Deputy Collector showing the rent due by officers who occupied in the previous month, Government residences; and as regards the officers they would have no ground for objecting to this course if it has been ruled by Government in G. O. 4 June 1888 No 1612 W. that "when the Government provide a residence for a public officer it shall be the duty of such officer to dwell in it or pay rent for it."

I have the honor to be
Sir

Yours most obt. servt

J. W. Martin

Executive Engineer

Submitted to the Chief Engineer, P.W.D. with a request that he will be good enough to obtain orders of Government sanctioning the Ex. Engineer's proposal

3

proposal that the rent of Government buildings occupied as residences by Government Officials should be stopped at the time of payment of salary as in the case of Military funds, Income Tax, Advances &c.

2. This arrangement will obviate the necessity for unnecessary correspondence which in the present system it is not possible to avoid.
