With reference to yours
No. 2638 G. D. dated 7th January
1889 and 2942 G. D. dated

honor to forward herewith
a copy of my No. 529 dated

state that the articles were
purchased as they were urgently
required. The local rates
^{now} at the time the articles were
purchased which is the cause
of excess over the rates given
by the Director General of
Stores. The Deputy
Superintendent explains
that but for the purchase
of the stores referred to in
the enclosed statement
the general works for which
they were intended would
have

have suffered - The S.O. No. ¹⁵⁷ ~~217~~ ²¹⁷⁻⁸⁷ was also misinterpreted.

2. The stores purchased were intended for and used on the following works.

Item No. 1 of the statement enclosed.

Copper rod worth Rs. 46 was used on "Prouis- ding with lightning Conductor to Chimney of the Govt. Workshop."

Item No. 2 of Statement.

Round iron worth Rs. 27 was used on New Press Main Press and iron worth Rs. 26 on several sundry works.

Item No. 3 - For two different Castings which embraced several works.

Item No. 4.

Red lead worth Rs. 21 was issued on No. 4 Dredge Rs. 28 worth paint on No. 1 Dredge Rs. 28 worth red lead on No. 28 Iron pump Rs. 10 on No. 18 Dredge

Rs. 10 on No. 13 Dredge and the balance Rs. 24 on several sundry works.

3. The purchase of European stores in the local market without the necessary sanction of Government has been discontinued and as the purchases above alluded to, do not seem to be objectionable under the S.O. above referred to, as the value of stores purchased and used on several works is below Rs. 50 - the objection may be removed.
