GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From Lieutenant-Colonel G. M. J. MOORE, President, Municipal Commission, Madras, to the Chief Secretary to Government, dated Madras, 19th July 1889, G. No. 310.

In forwarding the accompanying proceedings of an adjourned special meeting of the Commissioners held on the 28th June 1889, I have the honor to solicit the favorable consideration by Government of the wishes of the Commissioners, as embodied in the resolution, and trust that the committee asked for may be appointed.

2. Questions in connection with No. 2 sewer have been before Government on previous occasions and are embodied in G.O., dated 10th February 1887, No. 120 M., and G.O., dated 4th November 1887, No. 1125 M.

3. The report of the Acting Engineer Vice-President, which is forwarded herewith, gives the detailed results of the examination of No. 2 sewer, and renders it unnecessary for one to enter into any details.

4. As Sir John Fowler's advice was solicited by the Commissioners, I think it as well to forward, for the information of Government, a copy of a memorandum containing his views on the subject.

No. 622, Local and Municipal.

The Govt does not consider that
I do not think the
time has arrived for a
Committee of Eng Officers
to report on the Black
Town Drainage works -
There is no evidence, at
present, to show that
any mischief is going on
except in terms No 2
and with regard to that I
consider that the first step
should be to obtain the
opinion of Mr Jones as to
whether he can stop the
leaks -
When Mr Jones has made
a thorough examination
of the whole system, and
has sent in a detailed
report showing how he
proposes to remedy defects,
it will then be advisable
to consider the question
of forming a Committee.
