21st AUGUST 1889, No. 2296 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From Colonel ROSS THOMPSON, R.E., Executive Engineer, Nilgiri Division,
to the Superintending Engineer, IV Circle, dated Ootacamund, 27th July
1889, No. 1494.

With reference to your No. 100-N.I., dated 1st March 1889, I have the honor to forward herewith a revised estimate, amounting to Rs. 9,905, for improvements to the Hobart Park at Ootacamund, for sanction and provision of funds.

2. The excess of Rs. 3,365 is chiefly due to the construction of a raised foot-path to Hobart Park road and for construction of a roughstone revetment to the catch-drains. It also provides for petty supervision and contingencies at 5 per cent., which Government did not sanction in G.O., No. 2994 W., of 24th September 1888, and registered in your office as No. 80—88-89 for Rs. 6,540.

3. The report accompanying the estimates explains what is proposed to be done, and the extra item of catch-drain and a raised foot path are both considered very necessary to make the road complete and satisfactory.

4. I much regret the delay in the submission of this estimate, which is chiefly due to pressure of work, such as preparing plans and estimates of military works, as required in the final issue of the Imperial budget.

No. 350-E.W.

Forwarded to the Chief Engineer, Public Works Department, for early sanction.

OOTACAMUND,
31st July 1889.

(Signed) H. M. VIBART, Col., R.E.,
Superintending Engineer, IV Circle.

ORDER—dated 21st August 1889, No. 2296 W., Public Works.

The revised estimate submitted by the Superintending Engineer is reduced by Rs. 1,570 the cost of making a raised footpath to the Hobart Park road. The Government is not prepared to incur this expenditure. The amount of the estimate will now stand at Rs. 8,335, which is sanctioned in supersession of the estimate sanctioned in G.O., No. 2994 W., dated 24th September 1888.

2. The expenditure on the work during 1888-89 amounted to Rs. 6,540. As no funds are available with the Government to provide the balance of the estimate, the Superintending Engineer will, if possible, propose a reappropriation from the grants for other works in his circle.

3. This sanction has been registered as Provincial No. 54 W. of 1889-90 and classified as Miscellaneous Public Improvements, Original Works.

From

Colonel Ross Thompson, R. E.

EXECUTIVE ENGINEER, NILGIRI DIVISION,

OOTACAMUND,

To

THE SUPERINTENDING ENGINEER,

FOURTH CIRCLE,

COIMBATORE.

SIR,

With reference to your No. ¹⁰⁰ 100th 21
9, 1st March 189, I have the honor
to forward, herewith, a revised estimate
amounting to Rs 9905 for Improvements
to the Hobart Park at Ootacamund,
for sanction and provision of funds.

2 The excess of Rs 3365 is chiefly
due ^{to} for the construction of a raised
foot-path to Hobart park road and
for construction of a rough stone
revetment to the catch drains. It
also provides for Petty Sub Revision and
contingencies at 5 per cent, which Govt
did not sanction in G.O. No. 2994W
of 24th September 188, & registered in
your office as No. ⁸⁰ 80th 88-89, for Rs 6,540.

3 The report accompanying the
estimate explains what is proposed to
be

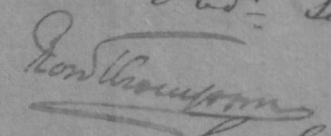

2296

be done and the extra item of catch
drain & a raised foot path are both
considered very necessary to make
the road complete & satisfactory.

I much regret the delay in the
submission of this estimate, which is
chiefly due to pressure of work, such as
preparing plans and estimates of milly
works, as required in the final issue
of the Imperial Budget.

I have the honor to be,
Sir,

your most obedt. Servt.

for — for sanction &
provision of funds —*

24TH SEPTEMBER 1888, No. 2994 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From W. B. DEWINTON, Esq., Executive Engineer, Nilgiri Division, to the
Superintending Engineer, IV Circle, dated Ootacamund, 8th September
1888, No. 2258.

I have the honor to forward for sanction an estimate, amounting to Rs. 14,870,
for improvements to Hobart Park.

2. The annexed report and survey plan show what is proposed to be done and the
objects to be gained.

3. Items (1), (3) and (4) are in hand and items (2) and (5) are completed, the
total expenditure to date being Rs. 2,000.

4. I regret that the amount of this estimate should be so much in excess of the
approximate estimate submitted by me to the Chief Engineer. The excess occurs
chiefly on the following items:—

(1) *Constructing a metalled road.*—The length was under-estimated, a great
deal of turfing has been found necessary to give the work a neat
appearance, and more culverts have been put in to render it thoroughly
dry.

(2) *Constructing new Tennis Courts on A.B.C. ground.*—More laterite had to
be used in the foundations of these courts than is usual, because the
ground is low and swampy.

(5) *Constructing a bridge over Lake stream.*—The foundations had to be
carried down much lower than was anticipated to get into solid ground.

5. Items (4) and (7) are entirely new and were not included in the approximate
estimate, while the provision for felling trees in that estimate has been omitted because
the trees were felled by the A.B.C. Committee and have cost Government nothing.
Item (4), Dibbling grass, was necessary to make the ground suitable for recreation and
to bring it into harmony with its surroundings, and I have allowed Rs. 1,000 for
compensation for land to enable me to take earth from the Bombay House estate
whence it was formerly taken for improving Hobart Park. I calculate that I shall
want an acre of ground, and there is no other means of obtaining it that I can see.

6. If the estimate is sanctioned by Government, I propose calling for tenders for
filling in the lake by means of tipping trucks running on a tramway. The road from
Woodyard to Brewery might at the same time be lowered to the level of the Hobart
Park and the road itself thrown back to the ground I propose to acquire from Bombay
House. This would give more earth for filling in, would greatly increase the area of
Hobart Park and straighten the road, and be altogether a very great improvement.
I should have to close the road for traffic during the execution of the work, but this
would cause no great inconvenience.

No. 389-E.W.

Forwarded to the Chief Engineer, Public Works Department, for favor of sanction to the estimate. A duplicate abstract of the estimate is also herewith enclosed.

COIMBATORE,
14th September 1888.

(Signed) R. DRAKE-BROCKMAN, Lieut.-Col., R.E.,
Superintending Engineer, IV Circle.

ORDER—dated 24th September 1888, No. 2994 W., Public Works.
The following items of the estimate for improvements to Hobart Park, Ootacamund, are sanctioned :—

(1) Constructing a metalled road 15 feet wide from the Willow Bund to the Brewery	RS.
(2) Constructing three Tennis Courts and Badminton Courts on the A.B.C. ground in lieu of those removed	4,374
(3) Raising swampy ground between A.B.C. ground and Lake	641
(4) Dibbling with grass all new earthwork	384
(5) Constructing a bridge over Lake stream	663
	478
Total	6,540

2. It is observed, however, that the rates are in some cases in excess of the regular scheduled rates. The Superintending Engineer will, therefore, carefully scrutinize the estimate with a view to the reduction of the rates where feasible.

3. There are no funds immediately available with Government for appropriation to the work, but they will be provided later in the year as they fall in, both for the items of the estimate now sanctioned as well as for filling in the north end of the lake and the remaining items of the estimate. Meanwhile the Superintending Engineer will propose a transfer of funds for present expenditure.

4. This sanction has been registered as Provincial No. 91 W. of 1888-89 and classified as Original Works, Miscellaneous Public Improvements.

Hobart Park at Ootacamund

Orders sanctioning certain items of the estimate for improvements to —.

Public Works Department.

Current No. 7197

Letter No. 3508 W.

Dated 21st July 1889

From the

Supy. Eng. & The Circle

Sanction. W. 2994

NOTE OF REMARKS.

The revised estimate under review amounting to Rs 9905 is submitted for sanction in supervision of the Est. for Rs 6540 sanctioned in G.O. No. 2994 of 24/9/88 for improvements to the Hobart Park at Ootacamund.

The excess viz Rs 3365 is mainly due to the provision of a foot-path to the Hobart Park Road and to the construction of rough stone revetments to the catch drains. Provision is also made in this estimate for Bell's Supervision & Contingencies at 2 1/2% each which was omitted in the original Est.

The revised estimate
is divided as follows:-

- 1 Constructing a wooden Bridge — 500
- 2 Forming Tennis and
Badminton Courts — 635
- 3 Forming Hobart
Park Road — 4510
- 4 Ditching with grass 695
- 5 Raising and filling
Swampy ground 405
- 6 Curbing to Hobart
Park Road — 1570
- 7 Rough Stone Work
to Cattle Drain — 1540
- Total Rs — 9,905

The following rates
are in force in the
Mysore Division.

- 1 Sectioning to 1/2 ft per
1000 cft against
Rs 80 —
- 2 Price in Chumam
Rs 55 per 100 cft. against
Rs 40 —

Had the Schedule rates
been adhered to there
would have been a
saving of Rs 220 —

A date list for rough
stone work is submitted
there is no corresponding
item in the Schedule.

Read the following

From the Suptg Engineer
IV Circle

No. 350 Dwy 31 July 1889.

The revised
estimate amounting to
Rs 9905 for improvements
to the Hobart Park at
Botacamund, is sanctioned
in supersession of the estimate
of Rs 6540 sanctioned in G.O.
No. 2994 Wd 26 September 1888.
2. — The expenditure on the
work during 1888-89 amounted
to Rs 6540. As no funds are
available with the Government
to provide the balance of the
estimate the Suptg Engineer
will, ^{if possible,} propose a reappropriation
from the grants for other
works in his Circle.

3. — This sanction has been
registered as Provincial No.
W of 1889-90 & classified
as Miscellaneous Public
Improvements, Original
Work.

I recommend the
Cattle drain work only.
The fact that it may be diskened
with & we have already spent as
much as is due to the work.
