22nd August 1889, No. 2306 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From Colonel H. M. VIBART, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 13th July 1889, No. 312-E.W.

With reference to para. 2 of G.O., No. 1492 W., of 6th June 1889, I have the honor to forward herewith a proposition statement in form No. M. 184, embodying proposals for the formation of a new sub-division in the Nílgiri division for the efficient execution of the improvements to the road between Vayitri and Gúdalúr.

2. I propose that the sub-division should be called Wynaad sub-division, and that it should comprise Vayitri-Gúdalúr road and that portion of the Calicut-Vayitri road to the foot of the Támracheri ghât and all other works in Wynaad.

3. Mr. P. R. Allen, Assistant Engineer, at present stationed at Vayitri, should be placed in charge of the sub-division, because of his great experience in roadwork, and should have his head-quarters at Vayitri.

4. There are Government buildings at Vayiti available for the residence of the sub-divisional officer and his office. The office establishment can also find suitable accommodation at moderate rates. Moreover it is head-quarters of other Government departments. The most important point for consideration is that there is a pucka hospital at this station.

5. The disadvantages of Vayitri as head-quarters are (1) it is not central, and (2) it is a two days' post from Ootacamund, wheres Cherambádi is only one. On the whole I consider the advantages of Vayitri outweigh its disadvantages, there being no other station on the line which could command so many conveniences.

6. The head-quarters of the overseers should be left to the discretion of the Executive Engineer and the sub-divisional officer.

7. The scale of pay proposed for the establishment is based upon that sanctioned for the late special Wynaad division and sub-division.

8. It will be necessary that the new sub-divison should at least be maintained for two years from date of its formation.

9. I would propose that the cost of establishment should be met from the grant for temporary establishment.

10. The large amount, Rs. 28,041, provided in the estimate for petty supervision at 6 per cent. will be reserved for unforeseen charges or a greater portion of it may be transferred to the head Temporary establishment.

ENCLOSURE.

OOTACAMUND,
13th July 1889.

(Signed) H. M. VIBART, Col., R.E.,
Superintending Engineer, IV Circle.

2306

From Colonel H. M. VIBART, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 15th July 1889, No. 321-E.W.

Adverting to G.O., No. 1824, of 9th instant, I have the honor to state that the existing Vayitri sub-division will now be done away with and a new sub-division, called Wynaad sub-division, formed in the Nīlgiri division, with reference to para. 2 of G.O., No. 1492 W., of 6th June 1889.

2. I may add that ever since the formation of the Vayitri sub-division in August 1885, the following establishment was maintained up to March 1887 and their pay debited to the head Temporary establishment:—

	RS.
Head clerk	100
Second clerk	50
1 Draftsman	80
6 Lascars, at Rs. 10 each	60

3. Since then the pay of the establishment, with the exception of draftsman who left the place, were being charged to the work establishment and the head clerk continues on Rs. 100 per mensem.

4. Even the apparent liberal scale of pay offered for Wynaad did not attract the services of efficient men for any length of time and there were many changes, with the exception of the head clerk.

5. Under these circumstances, the pay of the head clerk of the proposed new sub-division was fixed at Rs. 100 a month. Otherwise it is feared there will be constant changes which will not be conducive to the efficient management of the office in Wynaad.

From the Examiner, Public Works Accounts, dated 7th August 1889, No. 1123.

ORDER—dated 22nd August 1889, No. 2306 W., Public Works.

The arrangements proposed by the Superintending Engineer, IV Circle, for the constitution of the new Wynaad sub-division of the Nīlgiri division are approved and the statement of temporary establishment submitted is sanctioned.

2. It must be understood that the rates of pay now fixed are inclusive of local allowances. As regards travelling allowances, the establishment will, with reference to para. 184 A, Public Works Code, be placed in the third and fourth classes, and will fall under the provisions of article 1259, Civil Service Regulations.

3. The proposal to place Mr. P. R. Allen, Assistant Engineer, first grade, in charge of the sub-division, is approved, and his transfer from the West Coast to the Nīlgiri division will be notified in the *Fort St. George Gazette*. The overseers will be nominated by the Chief Engineer.

4. With reference to para. 10 of his letter No. 312-E.W., above recorded, the Superintending Engineer is informed that a transfer from an *estimate* to a *grant* is not practicable; he will, however, report by what sum the provision in the estimate of Rs. 28,041 for petty supervision can be reduced in consequence of the arrangements now authorised.

5. The sanction accorded in para. 1 of these Proceedings has been registered as Provincial No. 34 W. of 1889-90 and classified as Establishment, Temporary.

Supg. Engineer's Office, IV Circle.
Camp Ootacamund 13th July 1889

Colonel R.E.
Superintending Engineer, IV Circle.

No. 312/W 2306 Supg. Engineer's Office, IV Circle,
Camp Ootacamund, 13th July 1889.

From

Colonel H. M. Vibart, R.E.,
Superintending Engineer,
Fourth Circle.

To

The Chief Engineer,
Public Works Department.

Sir,

With reference to para 2 of G.O. No. 1492W, of 6th June 1889, I have the honor to forward, herewith, a proposition statement in form No. M 184 embodying proposals for the formation of a new Sub-division in the Nilgiri division for the efficient execution of the improvements to the road between Vayitri and Gudalur. Enclosures 1

2. I propose that the Sub division should be called Wynaad Sub division, and that it should comprise Vayitri Gudalur road and that portion of the Calicut Vayitri road to the foot of the Tambracherry Ghaut and all other works in Wynaad.

3. Mr. P. R. Allen, Assistant Engineer at present

present stationed at Vayitri, should be placed in charge of the Sub division; because of his great experience in road work, and should have his head-quarters at Vayitri.

4. There are Government buildings at Vayitri available for the residence of the Sub divisional Officer and his Office. The Office establishment can also find suitable accommodation at moderate rates. Moreover, it is head quarters of other Government departments. The most important point for consideration is, that there is a pucka hospital at this station.

5. The disadvantages of Vayitri, as head quarters, are (1) it is not central and (2) it is a 2 days post from Ootacamund, whereas Cherambadi is only one. On the whole, I consider the advantages of Vayitri out weigh its disadvantages, there being no other station on the line which could command so many conveniences.

6. The Head Quarters of the Overseers should be left to the discretion of the Executive Engineer and the Sub divisional Officer.

7. The scale of pay proposed for the establishment is based upon that sanctioned for the late Special Wynaad division and Sub division

8. It will be necessary that the new Sub division should at least be maintained for 2 years from date of its formation.

9. I would propose that the cost of establishment should be met from the grant for temporary establishment.

10. The large amount, Rs. 28041 provided in the estimate, for petty supervision at 6 per cent, will be reserved for unforeseen charges, or a greater portion of it may be transferred to the head temporary establishment.

I have the honor to be,

Sir,

Your most obedient Servt.,

Colonel R.E.,

Superintending Engineer, IV Circle.

Enc 2.

With reference to para 7 of letter No. 312 E.W. dated 13th July 1889 from the Superintending Engineer 5th Circle, I beg to point out that in the following cases the rates of pay proposed are not the same as those sanctioned for the Temporary Establishment required for the Special Wynaad Division in G.O. No. 1385 W, dated 1st June 1886.

	Rate of pay per mensem as now proposed	Rate of pay per mensem as sanctioned in G.O. No. 1385, dated 1st June 1886.
Draftsman	Rs 75	Rs 60
Overseers' Clerks	Rs 35	Rs 20
Lascars	Rs 12	Rs 10

2. With reference to para 10 of letter from the Superintending Engineer, a transfer from an Estimate to a grant is not practicable, but if considered necessary the Superintending Engineer might be asked to surrender such portion of his appropriation for the work as may be set free by the arrangements now to be made for supervision.

2306

D.W. O.W.S. 79/8

The points in these papers requiring orders are—

Yes (1) Whether two temporary overseers on Rs 150 each can be sanctioned in addition to the existing scale of temporary estabt.

Yes (2) Whether the pay of the head clerk may stand at Rs 100 per mensem

(3) The Secy points out ~~that the pay~~ proposed pay of the draftsman, overseers' clerks, & lascars are in excess of the ~~[illegible]~~ rates allowed for the late Special Wynaad division— For orders whether the rates now proposed may stand.

[illegible] the rates [illegible] by S.E. should stand

Ch. G.
10. 8. 89

1) The file provides Rs 25,041 for petty supervision, and the S.E. points out that the rate of pay formerly allowed was not sufficient to retain the services of efficient men for any length of time. It will be economical to finish the road without delay, and I think therefore that the rates of pay, and the establishment proposed by the S.E. should be approved.

I wish a note put up with this showing the local allowances & T.A. admissible in the Wynaad –

Note submitted

12.8.89

C No. 7392

Note

The local allowance admissible to officers and subordinates whose permanent headquarters are at Wynaad is 50 per cent on salary vide para 527 of the P.W. Code. This scale has lately been altered by G.O. No 1948 W of 19 July 1889. As the Establishment referred to in the accompanying papers is purely temporary it is not entitled to any local allowance. The salaries of the Employés should therefore be fixed with reference to local disadvantages. As the Supdg Engineer has proposed the salaries on consideration of the unhealthiness of the locality, the question of local allowances need not be entered into.

As regards the Travelling Allowances the authority sanctioning the salary should determine the class in which the temporary employés should

E ✓
PWC No

be placed, and the class to be fixed should ordinarily be that of a permanent servant receiving a somewhat lower salary vide para 184 A of the P.W. Code. The whole Establishm proposed by the S. Engr. excep 2 overseers 1st grade on Rs 150 each will fall under the thir and fourth classes and the daily allowance will be regulated in accordance with Article 1259 of the Civil Servic Regulations. i.e. 3 times the ordinary allowances subject to a maximum of Rs 1½. The question of class to be decid is with reference to the overse on Rs 150 each. The pay of a permanent overseer 1st grade is 100 per mensem and he can only be placed in the III Class. A the Overseers proposed by the S Engineer are only 1st grade an as their pay is fixed at Rs 15 on account of the unhealthine of the locality they should on be placed in the III Clas for the purpose of determinin travelling allowance sh
