GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.  
Establishment.

READ—the following paper:—

Office note from the Examiner, Public Works Accounts, dated Madras, 12th August 1889, No. 1149.

With reference to Public Works Department Code paras. 681 and 504, would you please obtain orders of Government on the following points:—

- (1) The "competent authority" that should decide in the case of an officer placed under suspension under Code para. 681.
- (2) Whether the approval of the Superintending Engineer is required to the grant of annual increments to clerks, &c., in Divisional offices (*vide* Code para. 504).
2. The "competent authority" in Code para. 681 should, perhaps, be the officer competent to appoint and dismiss (*vide* Code para. 673).
3. As regards increment to divisional establishment, it has for years been the practice to require the approval of the Superintending Engineer to grant of increments, but I can find nothing in the code to show that such approval is really required. If Government consider that the practice should continue, it will be well to rule accordingly in the code; otherwise I will note that the approval of the Superintending Engineer is not required in such cases.
4. The two points referred to above have come under my notice in the course of preparing the standing remarks for salary bill disallowance list forms (see G.O., No. 1149 W., dated 30th April 1889, and my office note No. 516, dated 17th April 1889).

ORDER—dated 22nd August 1889, No. 2307 W., Public Works.

The Examiner's questions are answered as follows:—

- (1) *Upper Subordinate Establishment.*—Officers down to the rank of Executive Engineer in charge of a division are competent to suspend any upper subordinate serving under their jurisdiction. When an Executive Engineer exercises this power, he will at once report his action, through the Superintending Engineer, to the Chief Engineer for confirmation. Similarly a Superintending Engineer exercising the power will report his action to the Chief Engineer.
- Account Establishment.*—Divisional accountants may be suspended either by the Examiner, the Superintending Engineer of the circle, or the Executive Engineer of the division in which the accountant is serving. When the latter officers exercise the power, they will at once report their action to the Examiner. Accountants in the Central office may be suspended by the Examiner.

22ND AUGUST 1889, No. 2307 W., PUBLIC WORKS.

*Lower Subordinate Establishment.*—Lower subordinates may be suspended by the Superintending Engineer of the circle, or the Executive Engineer of the division in which a man is serving. An Executive Engineer exercising the power will report his action to his Superintending Engineer.

*Office and Petty Establishment.*—Members of these classes may be suspended by officers competent to appoint them.

- (2) *Annual increments of salary.*—All officers of the department are competent to sanction, without further approval, the grant of increments to subordinates whom they are competent to appoint.
2. The Examiner will submit draft standing orders accordingly.
