Report.

In G. O. No. 3497 dated 21st
December/87, sanction is accorded
to file a suit for the recovery of
an advance of Rs 121 on the follow-
ing work viz

"Closing the breach in the
10th mile of the Kurnool Canal"

but it is desirable that the accounts
of the work should be closed. The
Examiner states this can only be
done with the sanction of Govern-
ment; and he is also of opinion
that the advance should remain

removed to "miscellaneous ad-

being credited to "revenue". I
have therefore now the honor to
solicit authority to this course
being adopted. The Completion

Engineer Kurnool Division to the Suptg.
Engineer 3rd Circle Bellary. 23/3

I have the honor to bring to
your notice that on account of the
canal breach in the 10th mile in bet.
ber/86, it was found necessary to
employ buffaloes to convey earth to
the site of breach.

When it was found difficult
to find owners of buffaloes in Kurnool,
the then collector's Head Sheristadar
(now Temporary Deputy collector) -
offered to get the required number and
recommended 9 persons who then un-
dertook the work. Soon after these men
were paid advances to the amount of
Rs 121, they went to the site of the breach
and returned to Kurnool without exe-
cuting work to pay up the advances.

These men were then called upon
to refund the advances. They expressing
their inability to do so but promised to
do any work to the required amount
that may be given them. Mr. Frankland

now reports that they refused to
take any work under him and
decline to repay the advances.

I have the honor therefore
to request that you will sanction
suits being filed against the buffa-
-loe-owners and the employment
of a pleader to prosecute them for
the recovery of the amounts through
the District Commissary's Court at Kinnool.

Submitted to the Chief Engineer
with the request that sanction may
be given to file a suit against the
buffaloe-owners for the recovery of
the advances and to the employment
of a pleader for the purpose.
