		Total ..	..		..	..	32,941	56,682	19,343	..			

ORDER—dated 22nd June 1889, No. 1636 W., Public Works.

With the papers above recorded, Superintending Engineers and the Consulting Architect to Government submit statements of demands under Imperial Military and Civil Works for repairs, incomplete works of 1888-89, and for new works proposed to be undertaken in the current official year.

2. The demands for Military Minor Works, Ordinary, amount to—

Incomplete works	..	..	..	..	..	..	..	..	..	RS.
New works	..	..	..	..	..	..	..	..	..	2,784
Total	..	..	..	..	..	..	..	..	..	38,637
Total	..	..	..	..	..	..	..	..	..	41,421

and the budget grant for incomplete minor works is Rs. 10,000. In the case of incomplete works, funds have been provided only for item 48 (a) of the statement B printed with these Proceedings, as no appropriation is required for the rest under Code para. 1908, part III. A sum of Rs. 1,850 has also been allotted for one of the minor new works (*vide* item No. 48 of the statement), as a liability of Rs. 1,708 is reported to have been already incurred on it. The Superintending Engineer, V Circle, will explain the circumstances in which the grant provided for this item in 1888-89 was not utilised. Deducting Rs. 3,523 allotted in the statement B for incomplete and new works, the balance of the reserve for incomplete new works will amount to Rs. 6,477. Of this sum, Rs. 5,443 will be transferred to incomplete major works, under which the demands are much in excess of the budget provision, and the balance Rs. 1,034 will be placed at the disposal of the officers commanding divisions and districts to whom Superintending Engineers will apply for funds required under Military Minor Works.

3. The demands for Ordnance Works amount to—

Incomplete works	..	..	..	..	..	..	..	..	..	RS.
New works	..	..	..	..	..	..	..	..	..	3,707
Total	..	..	..	..	..	..	..	..	..	277
Total	..	..	..	..	..	..	..	..	..	3,984

while the budget grant for incomplete works under that head is only Rs. 3,050. Funds have been provided for all the incomplete works with the exception of item 50, for which Rs. 110 only, being the balance of the available grant, has been allotted. The Inspector-General of Ordnance will be requested to propose a transfer of the balance, Rs. 657, required for this item from the grants for other ordnance works in the Presidency.

4. The demands for Military Major Works amount to Rs. 89,623—

Incomplete works	..	..	..	..	..	..	..	..	..	RS.
New works	..	..	..	..	..	..	..	..	..	32,941
Total	..	..	..	..	..	..	..	..	..	56,682
Total	..	..	..	..	..	..	..	..	..	89,623

while the grant provided in the budget for incomplete major works is Rs. 13,900. Adding to this amount Rs. 5,443 transferred from the reserve for incomplete minor works (*vide* para. 2 of these Proceedings), the total sum available for distribution is Rs. 19,343, which has been allotted in the statement B. In the case of items 60 and 70 of the statement, the demands are in addition to the grants already provided in the budget and have not been complied with as the reserve at the disposal of Government is limited. Funds have not been provided for item 69 of the statement, as the expenditure incurred on it up to 1888-89 is much in excess of the sanctioned estimate and as no revised estimate has yet been sanctioned. The Superintending Engineer, V Circle, will explain the circumstances in which the outlay on this item was allowed to exceed the sanctioned estimate. Provision has been made for all other incomplete major works brought forward by Superintending Engineers.

5. The demands under Military repairs amount to Rs. 3,35,000 against the budget grant of Rs. 2,95,650. Allotments have therefore been made to the extent of the available grant.

6. Under "Civil Works" the demands for Original Works, Telegraph, amount to Rs. 1,257, but in the case of items 2, 3 and 4 no appropriation is necessary under Code para. 1908, part III. The Superintending Engineer, IV Circle, will apply to the Director-General of Telegraphs for the allotment required for alterations to the outhouses attached to the Telegraph office at Ootacamund.

7. The demands under Postal repairs amount to Rs. 7,730 against the budget grant of Rs. 9,000. As the requirements under Telegraph repairs are much in excess of the budget provision, the sanction of the Government of India to the transfer of Rs. 1,000 from Postal to Telegraph repairs will be separately applied for. Of the balance Rs. 8,000 thus available under Postal repairs, allotments have been made to the extent of Rs. 7,730 applied for by Superintending Engineers and the Consulting Architect, and the difference Rs. 270 will be held in reserve.

8. The demands under Telegraph repairs amount to Rs. 5,010, while the budget grant is only Rs. 4,000. The latter sum has been distributed to all the divisions, except the Architect's, for which the necessary allotment will be made on receipt of the sanction of the Government of India to the transfer of funds proposed in para. 7 of these Proceedings.

9. As the system of distributing the repair grants in the statements of demands is productive of inconvenience, these grants will be finally distributed in the budgets of ensuing years. Superintending Engineers and the Consulting Architect to Government in framing their budgets of future years will carefully consider the requirements under Repairs and include the same in their budget estimates.

Funds

Orders on statements of demands under
Imperial Military and Civil Works for
repairs and incomplete works of 1888-89.

REMOUNT DEPÔT

HOSUR

5th August 1889.

FROM

COLONEL J. EWING,

Superintendent Remount Depôt.

TO

THE

Secretary to Government
Military Department,
Coimbatore.

SIR,

With reference to item No 47
Statement B appended to G. O.
No 1636 W of 22nd June 1889 - re-
ceived with O. In. G. No 4783
of 19th July 1889 - regarding the
construction of a Barbecue
required for cleaning frame
on at the Remount Depot, Hosur,
I have the honor to bring to
the notice of Government
that the Superintending Engineer
4th Circle informs me that he

he cannot at present propose any transfer of funds from the existing allotments to meet this work.

2. He however suggests my moving the Government to assign funds if I consider the work necessary.

3. The Barbecue is in my opinion absolutely necessary for the health of the Horses, both in wet and dry weather. In the former there is no place to clean the grain on, and in the latter the ground on which the grain is now cleaned, gets broken up and mixed with

with the grain, which is then eaten by the Horses, and is very injurious to their health. 23⁴¹

4. Under these circumstances, I would feel obliged by your obtaining the sanction of Government for the allotment of funds and for the work to be put in hand as soon as possible.

5. The expense is very trifling for a work of so much importance, the estimate being only Rupees 215-0-0.

6. Horses die of the
Sand

Sand, gravel &c, which
on a Post Mortem Examina-
-tion, is found in their sto-
-machs, and many others
are sick from the same
cause, and the value of
one Horse is at least 3 times
the cost of the work re-
-quired.
