GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

READ—the following paper :—

No. 179 R.N.

Report by the Superintending Engineer on the estimate of Rs. 3,750 for constructing a Sub-Registrar's office at Mutukulatūr.

[Reference—G.O., dated 26th October 1888, No. 3413 W.]

The estimate was called for in the G.O. quoted above, and it is prepared in accordance with the revised standard design for the Sub-Registrars' offices with the tiled roof circulated with G.O., No. 2230 W., dated 21st July 1888, with the exception of a slight deviation in the following sub-heads of works which are found unavoidably necessary :—

- (a) Substitution of plastering for pointing exterior walls, as bricks to be used in the structure are made unavoidably of salt-earth.
- (b) Substitution of flooring with concrete, 4" thick, well rammed and plastered with Portland cement,  $\frac{1}{2}$ " thick, in place of flooring with 8" square bricks, as either these or tiles are not obtainable and, even if specially made, would not be good.
- (c) Substitution of wood-oiling to all teakwood work unexposed to weather in lieu of painting.

2. The site is at present a cartstand, situated quite close to the Deputy Tahsildar's office. It was selected in consultation with the Sub-Registrar, who reported on inquiry from the local officers that no other site is available. It was found on inquiry and on digging trial pits that the whole space had originally been a hollow place, since filled in with earth, rubbish, &c., and so brought up to the present level, which is about the same as the surrounding grounds. The rubbish and loose earth goes down to  $3\frac{1}{2}$  feet below surface, and loose earth and sand to a further depth of  $4\frac{1}{4}$  feet, where the black cotton soil is found. It has therefore been found necessary to carry the foundations as per depths shown on the site-plan. The site being private property, a compensation of Rs. 350 is provided for in the estimate as settled by the Head Assistant Collector.

3. The rates are fair and the estimate is submitted for the sanction of Government through the Inspector-General of Registration (*vide* para. 989 of the Public Works Code).

AUGUST.

Sub-Registrar's Office at  
Mutukulatur, Madura District

Estimates for a —, sanctioned.

No 179 RN

24/8/1889

Report by the Superintending Engineer  
on the Estimate of Rs. 3750 for constructing  
a Sub-Registrar's Office at Mutukulatur.

Reference. G. O. No. 3413 W of 26<sup>th</sup> October 1888.

Enclosures 3.  
1 Site Plan.  
1 Estimate.  
1 Abstract &  
in duplicate.

The Estimate was called for in the  
G. O. quoted above and it is prepared in  
accordance with the revised standard  
design for the Sub-Registrar's Office with the  
tiled roof, circulated with G. O. No. 2230 W dated  
27<sup>th</sup> July 1888 with the exception of a slight  
deviation in the following sub-heads of  
works which are found unavoidably necessary.

(a) Substitution of plastering for pointing  
exterior walls as bricks to be used in the  
structure are made unavoidably of salt  
earth.

(b) Substitution of flooring with concrete  
4" thick well rammed and plastered with  
Portland cement 1/2" thick in place of  
flooring with 8" square bricks as either  
these or tiles are not obtainable and even  
if specially made would not be good.

(c) Substitution of wood siding to all

Teak

teak wood work <sup>was</sup> exposed to weather in lieu  
of painting.

2. The site is at present a cart stand  
situated quite close to the Deputy Tahsildar's  
Office. It was selected in consultation  
with the Sub-registrar who reported on  
enquiry from the local Officers that no  
other site is available. It was found  
on enquiry and on digging trial pits that  
the whole space had originally been a hollow  
place, since filled in with earth, rubbish &c,  
and so brought up to the present level which  
is about the same as the surrounding ground.  
The rubbish and loose earth goes down to  
 $3\frac{1}{2}$  feet below surface, and loose earth & sand  
to a further depth of  $4\frac{3}{4}$  feet, where the black  
Cotton soil is found. It has therefore been  
found necessary to carry the foundations  
as per depths shown on the site plan.  
The site being private property a compensation  
of Rs 350 is provided for in the Estimate  
as settled by the Head Assistant Collector.

3. The rates are fair and the estimate is

From the Judicial Dept.

NOTE OF REMARKS.

The estimate under  
review amounting to  
Rs. 3750 provides for  
constructing a Sub  
Registrar's Office at  
Mudukulathur in the  
Madras Dist.

The building is  
to be constructed  
in accordance with  
the revised Standard  
design approved in  
G.O. 2230W 5/21-7-88  
with the exception  
of the following deviations  
in the sub heads of  
works which were  
found to be inevitable  
in carrying out -

- 1 Substitution of  
plastering for pointing  
external walls and  
the bricks to be used  
are made immediately  
of salt water -
- 2 Substitution of Concrete  
for 8" sq. bricks in the

May

flowering in bricks or tiles  
are not obtainable and  
even if specially made  
would not be good

3 Substitution of wood  
oil for painting  
for all unexposed  
woodwork -

The following rates  
are in excess of the  
rates given in the  
Schedule -

- 1 Concrete in Chumam -  
Rs 16-4-0 per 100 cft against  
Rs 16-0-0 -
- 2 Brickwork - Rs 18-8-0  
per 100 cft against Rs 18-0-0
- 3 Archwork - Rs 22-4-0  
per 100 cft. against Rs 22-0-0

If the Schedule rates  
are adopted there  
will be a saving  
of Rs 75 in the amount  
of the Est. -

The 350 is provided  
in the Est. for Land  
Compensation -

Sanitary and Petty  
Supplies are charged  
for at 5% each.

The site plan & Est. have  
been counter-signed by  
the Inspector Genl. of Registration  
and approved in the  
Judicial Depto. - 17/10/84.
