Office note from the Examiner, Public Works Accounts, dated 13th March 1889, No. 326.

The entries in column "Present scale" of the proposal statement have been checked and found correct, except that the pay of the temporary clerk for Gudiváda division has been sanctioned in G.O., No. 368 W., dated 9th February 1889, at Rs. 50 per mensem instead of at Rs. 60 as entered in the statement.

2. An additional lascar sanctioned in G.O., No. 1445 W., of 16th May 1888, for each of the overseers in the Buckingham canal division against permanent establishment is shown in this statement, apparently with reference to para. 3, Examiner's Office Note No. 1376, dated 20th April 1888.

3. With reference to para. 5 of the Superintending Engineer's letter, the Superintending Engineer is correct in stating that he cannot estimate the requirements on account of office establishment under temporary upper subordinates as also under permanent upper subordinates for whom the services of supernumerary clerk or lascar are not available. All that need be done in such cases is for the Superintending Engineer to report to the Examiner, at the time of making them, all temporary appointments made.

Order—dated 21st March 1889, No. 858 W., Public Works.

The statement of temporary establishment required for the II Circle during 1889-90 is sanctioned; but the provision therein made for the Gudiváda division has been struck out, as the establishment required for that division has been separately sanctioned (*vide* G.O., No. 759 W., dated 13th March 1889).

2. Para. 3 of the Examiner's Office Note will be communicated to the Superintending Engineer for information and guidance with reference to para. 5 of his letter above recorded.

3. This sanction has been registered as Provincial No. 73 W. of 1888-89 and classified as Establishment, Temporary.

Note

Prior to January 1889 the pay of the stock and punt writers in the Kistna Western Divn was charged to "Stock", but the Examiners having taken objection to such practice, these men were brought under Temporary Establishment vide G.O. No: 155 W d/21st January/89. So long as the pay of these men was charged to a head other than "Establishment", the examination rules did not apply to them. As they have been brought under Temporary Establishment from 1st January 1889 which subjected them to examination rules, the Suptg. Engr. applied for their exemption. The S. E. was asked

in

in memo: No: 1753C. d/4th April/89 to report whether the services of passed candidates were available for the posts in question and if so the unpassed men should make room for passed men. The S. E in his letter No: 95 K. S. d/13th April 1889 replied that passed candidates were available for the posts. He now in his letter No: 126 K. S. d/ 19th April 1889 states that it would, besides inconvenience to work in entertaining untrained hands, be a hardship on the present incumbents who have been performing their duties satisfactorily for a considerable time if they should be dismissed, and submits a revised proposition statement reducing the pay of the men from Rs 15 to 14 so that they may not be barred by Examination rules.

2355

As the stock and plant writers in the Kistna Eastern Division should be brought under Temporary Establishment as in the case of the Kistna Western Division, the S. E. submitted a proposition statement — (vide C. No: 3596) providing two writers on Rs 15 each and now requests (vide C. No: 3682) to reduce their pay to Rs 14 to enable him to retain the present incumbents who though unpassed men have been performing their duties satisfactorily for a considerable time.

If the writers in question are appointed on Rs 14 each, as recommended by the S. E. the inconvenience that may be caused by entertaining untrained hands will be avoided and there will also be a small saving to Govt. It would also be a hardship on the present incumbents who have performed

performed

performed their duties satisfactorily if they should be dismissed. The only objection to the S. E's proposal is that it does not seem reasonable to reduce the pay of appointments for the purpose of entertaining unpassed men. vide para 4 of G.O. No: 1809 W d/29th July 1880. ×

Submitted for orders whether the pay of the Stock and Punt writers under reference can be reduced to Rs 14 as recommended by the S. E.

It does not seem advisable to allow the S.E. to evade the exam.n rules; but it is hard on men, who have presumably done good work for a long time, to be obliged to pass an exam.n or lose their appointments, merely because their pay is claimed under another head – Unless the circumstances of the S.E. can make out a good case

I think it would be better to ask Govt to sanction the employment of these unpassed writers.

In reply to this office Memorandum No. 2246 C, dated 8th May 1889 asking the Superintending Engineer II Circle to show sufficient grounds for the Exemption from Examination rules of the Stock and Punt writers in the Kistna Eastern and Western Divisions, that officer reports that his letter No. 126 K.S. dated 19th April 1889 justifies the necessity of obtaining the Sanction of Government for the Exemption of the men in question.

Orders are solicited as to whether the Explanation given in the letter referred to by the Superintending Engineer may be considered sufficient for moving the Government to sanction the Exemption of the men.

Note by the Chief Engineer General.
Buildings and Roads Branch. 2355

Stock and Print writers on Rs 15 each have been employed for the last 4 years in the Kistna Western and Eastern Divisions and their pay ~~for the [illegible]~~ up to recently has been charged to "Stock". As this procedure was considered objectionable, it has been decided that these men should be brought under "Temporary Establishment". So long as their pay was charged to a head other than "Establishment", the Examination rules did not apply to them, but as they have now been brought under "Establishment" they are barred ~~from~~ by Examination rules from drawing a salary of Rs 15/-. The Superintending Engineer reports that if the Employment of passed men in their place be insisted upon, it will, besides inconvenience to work in entertaining untrained

untrained hands, be a hardship on the present incumbents who have been performing their duties satisfactorily for a considerable time and suggests that the pay of the appointments in question may be reduced to Rs 14.

The undersigned fully concurs with the Superintending Engineer in considering that ~~that~~ it is hard on men who have presumably done good work for a long time to be obliged to pass an Examination or lose their appointments merely because their pay is claimed under another head, but does not think it advisable to reduce the pay of the appointments for the purpose of evading the Examination rules.

In the above circumstances the undersigned recommends that the men be exempted from Examination Rules so long as they remain in their present posts.
