28TH AUGUST 1889, No. 2368 W., PUBLIC WORKS.

2368

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 7th August 1889, No. 6597.

I have the honor to request that you will be good enough to obtain the sanction of Government for the enclosed estimate, amounting to Rs. 869, for fixing iron railings in the new model room and the museum of the College of Engineering. The necessity of the work is explained in the Principal's letter, No. 300 C., dated 11th July 1889, copy of which is enclosed.

2. I beg also to request that the estimate may be returned.

ENCLOSURE.

From Captain H. D. LOVE, R.E., Principal, College of Engineering, to the Director of Public Instruction, dated Madras, 11th July 1889, No. 300 C.

I have the honor to forward, for sanction, an estimate from the Consulting Architect to Government for providing iron railings in the new model room, at a cost of Rs. 869, to be met from Public Works funds.

2. The main entrance to the new buildings opens into the model room and museum which forms a thoroughfare to the chemical laboratory and to one of the lecture rooms. Models and apparatus could not be placed in the museum without protection, and this large room has been, in consequence, almost unutilised up to the present date. Captain Henderson proposed a large outlay on glass cases for the protection of apparatus, but this was objected to by Government. I discussed the question with Mr. Brassington in March last, and we arrived at the conclusion that the best method of securing the necessary protection would be to place an iron railing across the room so as to separate the gangway from the rest of the chamber. The models could then, for the most part, be placed on tables; while glass cases would be wanted only for apparatus of small size and delicate structure.

3. It was at first intended to meet the cost from savings on the original estimate for the new buildings; but as the completion certificate has now been sent in, the amount will be charged, Mr. Brassington informs me, to "Minor works," and be met from Public Works funds. I have the honor accordingly to recommend the estimate for sanction.

Approved and transferred to the Public Works Department.

14th August 1889.

(Signed) A. G. CARDEW,
Under-Secretary.

28TH AUGUST 1889, No. 2368 W., PUBLIC WORKS.

ORDER—dated 28th August 1889, No. 2368 W., Public Works.

The estimate, amounting to Rs. 869, for fixing iron railings in the new model room of the College of Engineering, Madras, is sanctioned against the Minor Works grant to the Consulting Architect's division.

2. This sanction has been registered as Provincial No. 58 W. of 1889-90, and classified as Civil Buildings, Original Works.

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 7 August 1889.

No. 6597

From

H. B. GRIGG, Esq., M.A.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

The Honble the Chief Secretary
to Government,
Fort St. George.

SIR,

Please the honor to
request that you will be good
enough to obtain the sanction
of Government for the enclosed
Estimate amounting to Rs. 869,
for fixing iron railings in the new
model room & the Museum of the
College of Engineering. The necessity
of the work is explained in the
Principal's letter, No. 300 c, of
11th July 1889, copy of which
is enclosed.

2368 Dated 11th July 189.

From,
The Principal
College of Engineering

To,
The Director of
Public Instruction, Madras.

Sir,

I have the honor to
forward for sanction an
Estimate from the Consulting
Architect to Government for
providing iron railings in the
new Model Room, at a cost
of Rupees 869, to be met
from Public Works Funds.

2 The main entrance
to the new Building opens
into the Model Room and
Museum which forms a
thorough fare to the Chemical
Laboratory and to one of the
Lecture rooms. Models and
Apparatus could not be placed

W

in

in the Museum without
protection, and this large
room has been in consequence
almost unutilised up to the
present date. Captain Henderson
proposed a large outlay on
glass cases for the protection
of apparatus, but this was
objected to by Government.
I discussed the question with
Mr. V Brasington in March
last, and we arrived at the
conclusion that the best
method of securing the
necessary protection would
be to place an iron railing
across the room so as to separate
the gangway from the rest
of the Chamber. The models
could then for the most part
be placed on tables, while
glass cases would be wanted
only for apparatus of small

size and delicate structure.
3. It was at first
intended to meet the cash from
savings on the original Estimate
for the new buildings; but as
the completion Certificate
has now been sent in, the
amount will be charged,
Mr. V Brasington informs me,
to "minor works," and be met
from Public Works Funds.
I have the honor accordingly
to recommend the Estimate
for sanction.

Letter No. Nil

Dated 14th August 1889

From the Educational Dept.

NOTE OF REMARKS.

The estimate under
review amounting
to Rs 809 provides for
fixing iron railings
in the new model room
& museum of the College
of Engineering at Madras.

It is explained in
the Principal's letter that
the railings are necessary
for the protection of the
models.

The work is of a special
nature & the rates cannot
be checked.

The Est. has been
countersigned by the
Director of Public
Instruction and
approved in the
