26TH JULY 1889, No. 2012 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezvada, 8th June 1889, No. 507 K.S.

I have the honor to forward, herewith, for your approval and sanction of Government, the marginally-noted estimates for constructing choultries at Gudivada and Isallapalli for Rs. 5,220 and Rs. 5,520 respectively.

- 1 Plan.
- 1 Detailed estimate.
- 2 Abstract estimates.
- 2 Specification reports.
- 2 Data.

1 Extract of Resolution of Kistna District Board.

2. Copy of the Kistna District Board's Resolution No. 1 of 11th May 1889 approving the estimates is enclosed.

9

From the same officer, dated 8th July 1889, No. 817 K.S.

I have the honor to re-submit the estimates for constructing choultries at Gudivada and Isallapalli returned with your No. 2913 C. of the 24th June 1889.

- 2. Coping has been allowed to the two cross walls at end of central passage.
- 3. The verandah posts are shown resting on centre of retaining walls. I had already put a note on plan that they were to be so placed.
- 4. The doors to small rooms have been correctly drawn, and to prevent mistakes the word "door" is printed on them. Doors for these rooms, and not windows, were provided in the estimate.
- 5. As the total alterations amount only to Rs. 36 in an estimate of Rs. 5,256, I did not consider it advisable, as directed in your memorandum under reference, to return the plan and estimate to the Local Fund Engineer, thereby causing additional delay. So I made the corrections in my office. The delay already incurred appears unnecessary.

ORDER—dated 26th July 1889, No. 2012 W., Public Works.

The estimates, amounting respectively to Rs. 5,256 and 5,557, for constructing choultries at Gudivada and Isallapalli in the Kistna district, are sanctioned. The

Superintending Engineer will explain the remark which concludes his letter of the 8th July.

2. This sanction has been registered as Local Nos. 18 W. and 19 W. of 1889-90.

Dated 13th August 1889.

From,

J. Hannan Esquire,

Superintending Engineer,

II Circle.

To,

The Chief Engineer,
Public Works Department,
Madras.

Sir,

With reference to the latter
part of para 1 of G.O. No. 2012 W
of the 26th July 1889, I have the honor
to explain that the delay referred to
by me as apparently unnecessary,
was the delay caused by returning
the plans & estimates unsanctioned,
(a) to provide doors for two side rooms,
when a reference to the estimate would
have shown that doors were provided,
(b) to provide coping for two cross
walls aggregating a length of

16 feet for which, as it would
merely consist ⁱⁿ projecting half
a brick & rounding off the top of
the walls, no special provision was
necessary, (c) to have the verandah
posts placed in the centre of the
retaining walls, where a note in
red ink had been already made
in this office on the plan directing
that they should be so placed.

I have the honor to be

Sir

Yours most obedt Servt

Warrum

The attention of the

Superintendent is called

to the inappropriateness of his
in assigning upon the
delay caused by the plans submitted having been
referred to him - he has to plan for the work
discharge the same care & responsibility as are
bestowed on those of works for other
departments.

Co. II Circle. 19.8.89

This seems unnecessary but.
If Mr. Hannan is right in his
facts, he seems justified in stating
that the return of the estimates was
unnecessary.

7-24 29.8.89

The plans were carefully
drawn and did not appear
to have occurred that something
at the hands of the S.S. that
was necessary - they were then
submitted instead of being revised
in this office. This caused a
little delay with the S.S.
and a delay upon the draft
has been caused by the
approval -
