 Dated 9<sup>th</sup> August 89  
 Despd 9<sup>th</sup>

Thru W. Jopp Esq.  
 Executive Engineer  
 To The Superintending Engineer,  
 C. A. Circle

Sir In continuation of my letter  
 No. 143.C dated 5-8-89, informing  
 you that our month's notice had been  
 served from the 1<sup>st</sup> August on the  
 Temporary establishment of this Div.,  
 I have the honor to give below a  
 statement showing those individuals  
 who are borne on the permanent  
 strength of the P.W.D., and to bring to  
 your notice the necessity of anti-  
 cipating their future appointments  
 to them -

| S. S. Sivasamiyer        | Do            | Do           |

Note. Lascar Muthuram has been reported to the Supp. Dep. for dismissal.

2. The Manager of the Estate has personally informed me that one Marappa Moodley has been appointed as Engineer to the Estate that he is expected to be at Ramnad for taking charge by the 20<sup>th</sup> August, and that the Estate Agency will then immediately continue the works hitherto undertaken by the P. W. D. in order to push on as much as possible before the rains set in.

3. It is hoped that the Relief will be effected before the 2<sup>nd</sup> of August, and the month's notice already given to the temporary establishment from the 1<sup>st</sup> August will

thus be suitable. If, however, it should so happen that the retention of any hands beyond that date is necessary, arrangements will be made in good time.

4. The Manager of the Estate has further desired me to supply the Estate from the Govt. Stores with such Tools, instruments, & Office furniture as they may require. I therefore request your sanction to my doing so, the adjustment of the value, if any is necessary, being made afterwards.

5. I should also be obliged by your informing me what should be done with the balance of Tools, instruments, & Office furniture, also whether any of the Records of the Office should be made over to the Estate Agency beyond a statement of the accounts of incomplete works.

2. Para 1. Of the upper subordinates mentioned  
in this para, Supervisor Mr. Taylor has been lately  
transferred from the Madras Division  
for the charge of the Tanjore Sub-Division,  
and so he will have to attend to his  
former charge in Madras. S. H. Ramachandran  
acting overseer should also join this Division  
to complete the sanctioned scale of upper  
subordinates. There will be then 13 upper  
subordinates including Supervisor Ramamujam  
Pillai transferred, but not yet joined, from  
II Circle, one assistant Engineer and one  
Decc. Engineer, against the sanctioned complement  
of 2 Decc. Engineers, 1 assistant Engineer and  
12 upper subordinates. This strength is absolutely  
necessary for this Division to work out the grants  
or at any rate until the completion of the Vaigai  
bridge work and Tank Restoration works.

3. Again the closing of the Ramnad Division  
throws

238  
throws on the Madras Division the supervision  
of the District Munsiff's Court House at  
Taramakudi, now in progress, and construction  
of Sub-Registrar's Office at Taramakudi,  
for which estimate has ~~already~~ <sup>lately</sup> been sanctioned,  
at Moorthukolattur for which estimate has  
been lately submitted for sanction and at  
Devicollah for which estimate is shortly  
expected. These are places far away from  
Madras.

4. P. Subramania Iyer Temporary  
Overseer on No. 80 posted to Ramnad D.  
in Chief Engineer's No. 1529. C of 3<sup>rd</sup> May 1887  
and reappointed in No. 860. C of 1<sup>st</sup> March 1888.  
his permanent appointment is sub-overseer  
in South Arcot, but he appears to have been  
temporary overseer 2<sup>nd</sup> Grade in that Division  
from 10<sup>th</sup> December 1884 to 28<sup>th</sup> February 1887. V. C.  
G. O. No. 1456. D. of 30<sup>th</sup> May 1887. The Super-  
intending Engineer would propose if possible  
the transfer of this man in his present  
temporary grade to the Trichinopoly Division  
in order to complete the sanctioned strength.  
There are at present 1 Decc. Engineer and  
5 upper subordinates against the sanctioned  
strength of 1 Decc. Engineer and 6 upper  
subordinates. In this Division there are a  
great number of requisitions to be attended  
to, and the progress of works has not been  
satisfactory. This is no doubt owing to want  
of

of sufficient establishment and frequent changes of subordinates. Supervisor Mr. Dady is to be shortly deputed for testing Lightning Conductors attached to the General Buildings in the Circle, his absence for a time will again reduce the strength.

5. S. Subramania Iyer, Temporary overseer on Os. Co was appointed in Chief Engineer's No. 4272-C, 3.11.88, his substantive appointment is Sub-overseer, Madura Division. The undersigned would propose, if possible, the transfer of this man, in his present grade of temporary overseer, to the Nagapattinam Division, where there are at present, only 5 Upper Subordinates, 1 Assistant Engineer and 1 Decc. Engineer against the sanctioned strength of 7 Upper Subordinates, 1 Assistant Engineer and 1 Decc. Engineer. The increase of Upper Subordinates in this Division is also very necessary.

6. In addition to the above two temporary overseers there are C. R. Karikara Sublier, Temporary overseer on Os. Co, and V. R. Venkata-rama Iyer, Temporary overseer on Os. Co appointed in Chief Engineer's No. 2629 C of 11. July 1888 in place of J. Vaidyalingam Pillai, Supervisor transferred to the Periyar project. The substantive appointments, if any, of these individuals, are not known in this Office.

7. In the Chief Engineer's No. 3329-C of

\* appointed in  
Chief Engineer's  
No. 2376-C of 25  
June 1888.

2383  
of 22<sup>nd</sup> July 1889, it was stated that the claims of C. R. Karikara Sublier to continued employment in the O. M. D. would be considered when the Ramnad State works came to be handed over to the proprietor, and Venkatarama Iyer was said to have been appointed in place of a permanent supervisor. If the services of these individuals can be retained, it is recommended that they be transferred to the Tanjore D. M., where against the sanctioned strength of 1 Decc. Engineer, 2 Assistant Engineers, and 9 Upper Subordinates, there are at present 2 Decc. Engineers (including one Decc. Engineer, Temporary rank, in charge of a Sub Division) and 8 Upper Subordinates, of whom one Sub Engineer, in charge of a Sub Division, has obtained 3 months privilege leave from the 1<sup>st</sup> September 1889. This Division has also been for some time short of the sanctioned strength of Subordinates.

8. It would appear from the Chief Engineer's Memo. No. 2086-C of 30<sup>th</sup> April 1889, that considerable difficulty is experienced at present in obtaining duly qualified candidates for employment on the temporary upper subordinate establishment. The four temporary overseers above mentioned having been employed in the Circle for some time, and gained some experience in their duty, and each of the Divisions being short of the sanctioned complement of

X

Subordinates

Subordinates, it is deemed advisable to submit the above proposals for early orders to dispense with the services of trained men in any means an economical course to pursue.

9. On the decision of the Chief Engineer on the above proposal depends also the fate of some of the temporary clerks; others will of course revert to their substantive appointments.

10. Para 4. The balance of Tools instruments and Office furniture, which are serviceable, should be transferred to the Madras Division, first; those that may be in excess of the requirements of that Division, should be transferred to other Divisions, when required, or returned to the P. W. Stores, Madras, or disposed of in public Auction as the case may be.

11. With a view to avoiding future constant references to this Department by the Zamindar or his Engineer, it appears advisable to hand over to the State all records of expenditure, estimates, plans and correspondence connected therewith, together with a detailed statement of incomplete works, appertaining to the State works. G. O., Circulars, periodicals, books, &c., bearing on general subjects, not in any way connected with the State works, supplied to the Executive Engineer, for his information, should not be handed over. These, together with copies of pay Bills, Travelling allowances

383  
Allowance and Contingent Bills, should be transferred to the Madras Division, with a list of the same.

12. Early orders are solicited on the above proposals regarding stores and records. If approved, the approval may be wired.

Cus 7824

Sir 2383

There are at present four temporary overseers in the Ramnad division.

The sanctioned strength of temporary estab. for the division is,

|                  |                 |
|------------------|-----------------|
| 1 Sub Eng.       | on Rs. 400 p.m. |
| 1 overseer       | " 80 "          |
| 2 overseers each | " 60 "          |
| <u>4</u>         |                 |

The Sub Engineer on Rs. 400 has all along been employed on the Peshikulya works, & has now been ~~absorbed~~ transferred to the permanent estab.

The total temporary sanction stand as follows.

The three men sanctioned for short periods for relief works in foreign will be excluded from the calculation:

P. 7.0.

Number sanctioned at commencement of  
 Official Year ————— 49  
 Deduct one sub. dir. transferred to permanent ——— 1  
 Add two overseers sanctioned for Wynad ——— 2  
 Deduct three overseers, which will  
 lapse on closure of Ramnad div. ——— 3  
 Sanctioned strength ——— 47

Excluding Venkataraddi,  
 transferred to permanent  
 list, but including the  
 four temporary overseers  
 now in Ramnad, we  
 have exactly 47 tem-  
 porary upper subordinates,  
 so that the Ramnad  
 men become absorbed,  
 & can be employed  
 elsewhere.

The S.D. VI Circle  
 makes the following pro-  
 posals with respect to  
 the disposal of the 2  
 permanent & 4 temporary  
 upper subordinates in  
 the Ramnad division:—

Mess J. M. Taylor, Supervisor permanent - to be posted to - Madurai  
 S. K. Ramachandra Sastri, Overseer permanent - do - Madurai

He refers to the D. S. S.  
 regarding date on which  
 the Ramnad estate is  
 to be handed over - The S.D.  
 is arranging to hand over  
 before the end of May; but  
 no arrangement has been  
 made with the Court of Wards  
 in the matter. He also

 S. Subrahmanya Aiyar ——— do ——— Negapatam  
 C. R. Harikara Subbar ——— do ——— Tanjore  
 V. R. Venkataram Aiyar ——— do ——— do

A statement is sub-  
 mitted showing the  
 sanctioned & existing  
 strength of the divisions  
 in the VI Circle -

Excluding Ramnad,  
 the sanctioned strength  
 of the Circle is 41  
 upper subordinates -  
 The existing (paper) strength  
 is 38 or only 3 short.

This number however in-  
 cludes one man from the  
 II Circle who will not  
 join for some time -  
 If therefore the VI Circle  
 gets four of the six  
 Ramnad men, it will  
 be well up to strength.

Of the remaining two  
 men, it was proposed  
 to send one to Wynad,  
 & the other ought to  
 go to the III Circle to  
 replace Mr. Dyer.

This refers to J's office  
 note of 22-5-09 -  
 Madurai division has  
 1 Ex 2 Asst. 11 U.S.  
 against a sanctioned  
 strength of 1 Ex 1 Asst. 13 U.S.  
 and on the VI Circle is  
 understrength by 4 men  
 (as Permanent men will  
 not join until  
 next month) it was  
 not possible for the S.D.  
 to supplement the  
 Madurai establishment  
 by taking men from  
 other divisions.

+ P. Subrahmanya Aiyar.  
 Proposed to send Mr. Dyer  
 to Wynad, if the S.D.  
 can recommend him,  
 reference has been made.

if the latter be  
selected for Wyndham

Cu

23.8.89

Assuming that Subbaraya  
Ayeri is taken for the Wyndham  
Sub-division of the Nilgiris;  
the P.T. VI circle might be  
left to select 4 of the  
remaining 5 men; and  
the one not selected might  
be sent to the IV circle.

The clerks and kanaks  
employed under the  
Upper Sub-division might  
be kept on, when the  
transfers are made.

It will be observed that  
Mannappa Narayana is to  
be appointed Engineer  
to the Perambur estate; this  
man is now employed  
in the P.W.D. at Pudukkottai,  
and arrangements will  
have to be made for  
replacing him in that  
estate; no official app<sup>n</sup>  
to leave the P.W.D. has been  
received from Mannappa

It is understood that the four temporary upper subordinates employed in the Ramnad division can be absorbed in vacancies on the sanctioned list of temporary upper subordinates. The Chief Engrs will arrange for the posting of these men, as well as of the permanent upper subordinates in the division.

2. Members of the Office & petty establishment belonging to the permanent establishment of the Dept. will revert to

to their substantive posts  
in the Circle. <sup>Subordinate</sup> ~~Temporary~~  
who have been only temporarily appointed  
~~Temporary~~ must

be discharged on the  
relinquishment of the  
estate works by the

P.W. Dept unless the St.  
can find suitable employment for them.

3. The Supy Engr's  
proposals in his paras  
10 & 11, with respect to  
the disposal of the  
Stores & records of the  
Rannad division, are  
approved.

4. After the estate works  
have been handed over,  
the Rannad division  
will be abolished as a  
separate Public Works  
division, and all Govt.  
works therein will be  
absorbed in the Madras  
division.

This expression means I supposed men  
who have no substantive posts anywhere  
but it is a bad one.
