With reference to his progress Report for the week ending 13th July /89 received with his letter No 194th dated the 1st August /89. has the honor to request him to be good enough to show in his future Progress Reports the number of piece workers & the rate of wages earned by them, so that it may be ascertained that they are not subjected to any hardship regarding wages. vide Section 119 of the Famine Code.

2. The wages paid to men & women in the ^{Russelkonda} ~~Rushikulya~~ Sub Division are too low by me, they should have paid at 2-4 & 1-8 each respectively. This rate is arrived at by calculating *rogi* at 72 *blas* or *four* this weight should be adopted in future calculations. A difference of 12 *blas* between the prices of *rogi* in Asha & Russelkonda Sub Divisions does not reduce the wages

of coolies in the latter Sub. ~~Dr.~~ by one pie.

3 The classification of coolies sanctioned in Section 19 of F. Code must be adopted. If all the coolies belong to the 1st class there is no objection to their being paid at 1st class rates. It is true that it is very difficult to decide classification but if laborers who are only able to turn out 75 percent of the work are paid 1st class rates the cost of the work will be much enhanced.

4 His attention is drawn to G.O. No 605-D dated the 1st August 1899 which dispenses with the 10 per cent deduction in Task workers.

Communicated
to him with
office No 65
dated 8-8-99

5 Para 4 of the Division Officer's letter under reply will be communicated to the Collector & he will be requested to state why no notices of prices of grain prior to 14th June were sent to the Sd Officer.

6 It is presumed that duplicates of these weekly reports are sent to Collector vide Section 144 & Famine Code.
