GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

READ—the following paper:—

From J. W. BRASSINGTON, Esq., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepāk, 19th August 1889, No. 731.

With reference to G.O., No. 2184 W., dated the 12th August 1889, I have the honor to state that the amount sanctioned in G.O., No. 937 W., dated the 29th March 1889, for constructing sheds Nos. 2 and 3 for keeping the Bombay stores in the Army Clothing Department at Madras was Rs. 14,143 and Rs. 17,600 including percentages for establishment and tools and plant, according to G.O., No. 1241 W., dated 10th May 1889.

2. The actual cost of the two sheds has amounted to Rs. 14,230, including the stone paving for No. 2 shed, referred to in this office No. 671, dated 6th August 1889, being an excess of Rs. 87 over the sanctioned estimate.

3. I do not know from what source the Superintendent, Army Clothing, obtained his information about the large saving referred to. I did substitute country bricks for the reason that all the bricks turned out of the Government kilns were required for the new High Court works, but the thickness of the walls had to be increased from 1' 8" (2 bricks) to 1' 10½" (2½ country bricks) in consequence. The estimated cost of brickwork alone only amounted to Rs. 2,423.

ORDER—dated 30th August 1889, No. 2399 W., Public Works.

Communicated to the Military Department with reference to its endorsement No. 4569, dated 12th July 1889, printed with G.O., No. 2184 W., dated 12th August 1889. The assumption in the concluding portion of para. 1 of the letter from the Superintendent, Army Clothing, No. 64, dated 10th July 1889, does not seem to have been based on correct information.

2. As the packing shed is reported to be urgently required, and as no funds are available with the Government under Imperial, Military, the Government of India will be requested to make a special allotment for the work. To enable this to be done, the Consulting Architect will report at once the probable cost of the shed. The submission of an estimate for the work should also be expedited.

- store sheds required by this department in consequence of the transfer of the Bombay Clothing Agency to Madras, I have now the honor to bring to notice that, by the substitution of ordinary bricks for the stock bricks originally estimated, there is likely to be a saving of about Rs. 5,500 in the sum above sanctioned.

2. This saving I am anxious to utilise on a *packing shed* urgently needed for this department, and I beg to request that Government will be pleased, under the circumstances, to sanction the construction of an ordinary building for our requirements within the savings above referred to.

3. I am informed that the sanction of the Government of India will not be necessary in this matter; and as the shed required need only be built of brick-in-mud with palmyra rafters and country tiles for the roof, I understand that it will take very little time to complete.

4. The shed is not only needed to give the packing overseer more room for packing and painting bales in the wet weather, but for the storage of clippings for despatch annually to England; and as I would wish, if possible, to see the work completed before 1st October, I trust Government will be pleased to pass very early orders on this application.

If the store sheds can be completed with a saving of Rs. 5,500 (after charging off the usual percentages for establishment and tools and plant), there would apparently be no objection to the balance of the grant of Rs. 17,600 sanctioned in G.O., No. 1241 W., dated 10th May 1889, being utilised in the construction of the packing shed, provided that an estimate is sanctioned for the latter, and that the amount of such estimate with percentages for establishment and tools and plant does not exceed the balance of the grant available.
