N^o 1530. 240 Kilgiri Division Office,
Cotacamund 1st August 1889.

From

Colonel Ross Thompson, R.E.,
Executive Engineer, Kilgiri Division,
Cotacamund.

To

The Superintending Engineer,
Fourth Circle,
Coimbatore.

Sir,

In forwarding the enclosed Disallow-
ance List N^o 158 on this Office Contingent bill
for the last month, I have the honor to request
that you will be so good as to sanction the
provision of a suit of warm clothing to the
lascar of Corporal F. W. Cornwall Ameer,
on an outlay of Rs 15.

2. The Examiner, it will be seen, bases
his disallowance on the fact of the requisite
sanction having been accorded in your Memo-
randum N^o 153 dated 3rd April last for only
14 Mefengers & lascars employed in the Division;
but I would explain that that N^o represents

the

the total strength of Menial Officers, excluding the Lascar permanently allowed to the Overseer by the Chief Engineer, whose orders to that effect were subsequently communicated to this Office in your endorsement N/162 dated 13th Idem.

3. I shall therefore be obliged by your signifying the required approval at an early date, in view to the Examiner's objection being removed.

4. I would take this opportunity of soliciting orders for the provision of warm clothes to the marginally noted 5 watchmen, because para 824 of the P.W. Code authorizes it to this class of servants located at a Hill Station, whose duties in my opinion render it if not necessary owing to the severity of the climate. In regard to this point it may be argued that the nature of the duties these men are expected to discharge involves a limited circuit of action, but I would submit for your favourable consideration the circumstance of their having to be exposed to the vicissitudes of the weather though to a

minor

1 do at the Lake Brickfield
1 do at the Government Offices Stone House Hill
2 Watchmen at the Government House

Total 5

minor extent. To elucidate the subject, I would specially instance the work of both the watchmen of the Divisional yard and the Lake Brickfield, requiring them throughout the day to be on the alert and thus depriving them of that shelter, which the Lascars ²¹⁰⁰ ~~vea~~ while not employed in the field enjoy. The same may be said in favor of the men watching the Secretariat and Government House buildings, whose duties are rather onerous during the stay of the Government on the Hills for nearly half the portion of the year at the rainy season.

5. After all, the cost to Government would but be a trifle, but if sanctioned it would do a great deal to relieve a poor class of servants of a much felt want, and the discontent under which they apparently labor at present on account of the concession extended to their companions but unfortunately withheld from them.

6. In these circumstances I shall be obliged by your kindly obtaining the required sanction of Government.

I have &c.

Signed / Ross Thompson Col. R.E.,
Executive Engineer

N/359 (True Copy)

Submitted to the Chief Engineer P.W.D.

with a request that he will be good enough to obtain the sanction of Government for providing warm clothes to the lascars employed under Mr. Cornwall and 5 watchmen in the Nitjiri Division.

2. The annual cost of the clothing for the above 6 men at Rs 15 each will amount to Rs 90.

Churpantab
5/8/89 Colonel R.S.,
Superintending Engineer, W Circle.

25-5-23

From order 2400

The cost of warm clothing for the lascars is sanctioned. The watchmen are mere coolies and are not required to expose themselves. They should not, therefore, be supplied with warm clothing at Government expense.

S. E. L. Arid
