Proceedings of the Court of Wards.

Dated 17 March 1887.

No. 349.

READ

the following letter from the Collector of Madras, dated 1st March 1887. No. 50.

I have the honor to forward herewith a list (in original) of works to be carried out in the Gaudamamajakanur Estate at a cost of Rs 9734 sent to me by the Executive Engineer Madras Division, with his letter No. 665 M. dated 30 January 1887 and to request that early sanction may be accorded for placing the sum of Rs 9734 at the disposal of the P. W. Department on account of the repairs to be carried out.

2. The works in question were investigated and estimates prepared by the Executive Engineer No. I Tank Division under orders of the Superintending Engineer Tank maintenance scheme and sanctioned by him.

2. I enclose a copy of the circular memorandum of the Superintending Engineer Tank maintenance scheme, dated 9th July 1884, which led to the preparation of the estimates by the department. I have also referred to the subject in clause 2

Rev. 22/6/87

2 para 11 of my Administration Report of the
Estale for Fiscal 1295.

4. The works have not been included in the
list of incomplete works submitted to the
Court with my letter no. 325 dated 17th
November 1886.

5. The expenditure has to be met from the
provision in the Budget for Irrigation under
"Maramut".

6. I request the favor of the Court passing
early orders as the Salentine Engineer says
that the works have to be completed
before the next monsoon begins.

To

The Chief Engineer
P. W. D.

Sir,

ENCLOSURES. /

In G.O. No. 10475 dated 14 April 1887 Rs 9734 (7914 for works and 1820 for establishment) were granted for repairs and improvements to 8 irrigation works in the Gandamanayakanur Estate in the Madura District, and the works were undertaken by this Department.

2. While the works were in progress the collector in his letter No. 2043 dated 25 August 1887 brought to the notice of the Executive Engineer that three of the works were Kundimaramb Tanks, that one was the proper

property of an Inamdar and that the people of neighbouring villages objected to the repair of another by the Estate. The fine works referred to were stopped, the unused materials sold and the proceeds credited to the Civil Department.

3. The net total expenditure incurred by this Department is

on original works & Repairs. Rs 3685

Establishment ————— 848

Rs 4533

leaving a balance of Rs 5201 from the grant of Rs 9734.

4. The Estimates for the works in question were prepared in ordinary course by the Sank Pustor-tion Establishment, and it would appear that it was assumed that the duty of repairing them would fall on the estate in which they were situated. A detailed statement showing the outlay incurred on each work and the

reason for stopping those which are in-
complete is submitted herewith.

5. From this statement it will be
seen that the expenditure on tanks which
should be kept in repair by Andimase-
mukh (Estimate nos 1 & 10, 2 & 11) has been
Rs 631-14-9 exclusive of charges for establish-
ment &c. On estimate no 9 for an Inam
Tank an expenditure of Rs 77-7-6 has
been incurred and believe the Collector
has made a mistake in asking to have
all the works connected with the Andi-
gavundankulam stopped. Whatever rights
neighbouring villages might have to object
to the construction of an Aricut and Channel
to improve the supply to the tanks, they
can have had no ground of objection
to the repair of the tank itself. The
villagers interested in the tank state
that when the assessment was raised
some years ago it was agreed that all
cost of repairs should be borne by
the estate. The expenditure incurred
on this tank (items Nos 4, 5 & 13) amounts
to Rs 1713-15-2 and appears to be an

18/11

undoubtedly fair charge against the estate -

6. The only charges which are open to discussion are those noted above for the Inam and Pundimamam Sanks by Rs 709-6-3. The collector was asked to have this sum recovered from the parties concerned, but in his reply No. 534 dated 9 March/80 stated that we should make our own arrangements to recover the money spent on works not belonging to the estate. It is submitted that the P.W. officers can scarcely have been expected to be fully acquainted with the arrangements made between the Zamindar and his ryots and that the agent for the estates should have pointed out at the time funds were applied for that the estate was not liable for some of the proposed expenditure. Government orders as to how the matter should be arranged are requested.

7. The charges against the estate as shown in the annexed list are

2410

Rs 4533-2-8. If the Establishment charges on the Rs 709-6-3 spent on Pundimamam tanks are remitted the charges would be Rs 4370-2-8.

the following letter from the Collector
of Madras, dated 18th April 1889 No. 92.

According to Court's reference No.
3072 of 1888 dated 17th December 1888,
I have the honor to state that the Zamindar
Ganapathakrishnan who was
soon after addressed on the subject now
after an lapse of nearly 3 months writes
to say that he was not in receipt of
any paper in connection with the subject
matter on hand though on a reference
to the despatch and other registers kept
in this office it appears that this
office letter No. 87/1889 addressed to
the Zamindar on the subject was
despatched on the date marked
therein. However, I have again this
day sent to him copies of all communications,

Communications in question for my
early report and I shall submit my
reply to the Court as soon as I receive
the Zamindar's report conveying his
views on the matter.

READ

Enrollment from the Secretary to
Government Revenue Department dated
4.12.88 No. 7224 and reference
thereon to the Collector, Madras (17.12.88).
Read the following letter from the Collector
of Madras, dated 30 June 1889 No. 97.

Court's reference
17.12.88 on
No. 3072
1888 and my letter
29.7.18.4.89
No. 1054
3.7.89

In accordance to the Correspondence
notes on the margin, I have the honor to
state that out of Rs 709-6-3 reported
to have been laid out on Rurivaram
works in fantamawayakamur Estate
and to be open to discussion, Rs 466-7-4,
the expenditure incurred on works No. 2, 9,
and 11 in the Superintending Engineer's
list, has been accepted by the Zamindar
himself as a legitimate charge against
the Estate; but that he takes objections
to the outlay of Rs 242-4-11 (vide
item

items no. 1 & 2 on the Kudimarambat
tank of Ponnusandikulam and request
that this amount may either be realized
from the owners of the tank and
given him or be paid by Government.

2. The Zemindar has, however, been
requested through the Tahsildar of
Periakulam to reconsider his objection
as regard the sum of 242-14-0 on
the ground that the works concerned
were known to the Kudimarambat
ones only subsequent to the incurring
of the expenditure and that further
expenditure on the said works was
stopped after the above fact was
known. The result of the further
reference to him will be intimated
to the Board in due course.

3. The Connected record are herewith
returned. * Supt. Engrs
Letter No. 1087 M.S.
of 22.11.88 L.S.
m.l.s.

Read also the following letter from
the Collector of Madras dated
20 July 1889 no. 192.

In continuation of my
letter no. 177 dated 30 June last, I have
the

24

the honor to state that the Zemindar
of Gaudamunai has requests to be
furnished with a detailed Statement
together with vouchers showing the parti-
culars of expenditure incurred by the
P.W. Dept. in the execution of repairs
to works alluded to in the Court's reference
dated 17th December 1888 in P.W. Reg.
no. 3072 of S.F. A Statement submitted
by the Superintending Engineer, 6th circle,
to the Chief Engineer, P.W. Dept., with
his letter dated 22nd December 1888 no. 1087
M.S. and sent to me with the
Court's reference quoted above, is the
only record in my office and even this
can show only the amount spent
on each work. The execution of these
repairs was sanctioned by Government
in the P.W. Dept. and the amount
was, with Court's permission, placed
by me at their disposal thro' the Accountant
General. There are therefore no detailed
vouchers or any other papers with me
regarding this expenditure. I have the
honor to request that the detailed
Statement

Statement and vouchers may be obtained
and sent if the Court deem it necessary
to do so.

Resolution

The Collector is requested to
inform the Zamindars that they have
determined to admit the charges against
the Estate on works carried out during
the period when the Estate was under
their charge and that therefore they will
not trouble him further in the matter.
2. Copy will be submitted to Government
with reference to endorsement No. 7224
on P. W. S.O. No. 4729 c. d. 27 November 1888.
