With reference to his Progress Report for the week ending 19th July 1889 has the honor to inform him that the piece workers & the rate earned by them should have been shown in the Progress Report they should be shown in future Progress Reports.

2. The rate paid in Russelkonda Sub. D. is too low by one pie for each man, woman and child. It is presumed that they are all paid first class wages. Ragi should be calculated at 72 tolas a seer & wages paid accordingly. Classification given in Section 19 of the Famine Code should be adopted as far as possible.
