Buildings and Roads.

Read the following paper:—

No. 183. From Major J. L. L. Morant, D.E. District Engineer, Nilgiris, to the Chief Engineer, Public Works Department, dated Ootacamund, 2^d March 1878, No. 61.

I have the honor to submit a revised estimate amounting to Rs. 8500, for restoring the Tiffacadoo bridge. The sanctioned estimate amounting to Rs. 5300 was passed in Public Works G.O. No. 576 W, of 13th August 1877.

3. The work was begun in August and completed on the 1st of March 1878. During those six months the work-people have been changed five times. 3 relays of sappers have also been sent down. Every precaution has been taken to preserve the health of the work-people, the bridge site being most extraordinary unhealthy. I located the work-people in hired huts at Mueracovil, 4½ miles distant from the bridge, and had them daily carted to and from the work; medicines were also supplied to

to the value of about Rs. 100, and a well was dug at Munnacovil for their use at last year's drought was very much felt there. In spite of all our efforts I much regret to state that nine persons have died after leaving the work from the effects of malarious fever.

3. The restoration of this bridge has been a work of anxiety and difficulty. The comparative statement I trust gives satisfactory explanation of the excess in the estimate.

No. 284. Order thereon, 19 March 1878, No. 1404 W.

Under the explanations afforded the revised estimate of Rs. 8500 for restoring the Tippacador bridge is sanctioned.

2. Rs. 5300 were appropriated for the work in G.O. No. 807 W, of 29 September 1877, and Rs. 3200 are now provided from the Provincial Reserve of 1877-78.

3. This sanction has been registered as Provincial No. 312 B of 1877-78.

Sir, With reference to your letter No. 533 G. of 6 March 1888, I am directed to forward the accompanying correspondence.

From the S.D. Circle No. 365 NW of 8 Aug. 1889, with 4 enclosures	And to Secy. = send that as a special case mainly Adakalam
Offn. No. from the S.D. P.W.D. No. 1229 of 24 Aug. 1889	

It seems to me perfectly useless to make this reference, as there is no chance of the leave being given. 'Works Estab.' salaries don't come under details and I suppose. Why answer this question. Let the man absent him self & say nothing? The app. for formal leave must I think be negative. W.S.

THE SUPERINTENDING ENGINEER,

SIR,

In forwarding the marginally noted
copies of correspondence, I have the honor to request
that you will be good enough to obtain sanction
to the disbursement of Rs 60, being full pay for
one month to Adakalam Maistry, whose enter-
tainment for the work of Improvements to Vay-
-Ariv. Gudalur road at that rate of salary was
approved in your No. 174, dated 23rd April 1889.

2. I would however point out that the S.O.
Number 474 of 31-8-88 to para. No. 935 of the S.W.
code, admits salary to work establishment, paid
by the month, only within the limits allowed for
casual leave; but I shall be glad if the case in
question can receive special treatment.

3. Adakalam Maistry about 55 years of age
has,

has, I understand, been continuously employed by the Department on these Hills as Maistry, for upwards of 35 years.

4. In November last, when work was started at Cherambadi, Mr. de Winton was obliged to send Adakalam Maistry down, because he could not secure the services of any other experienced hand to supervise work in that unhealthy locality. Adakalam worked there until the 6th ultimo, to the satisfaction of the Sub. Divisional Officer, who recommends the indulgence now applied for. The illness of the Maistry is the result of his remaining for 8 months at or about Cherambadi.

I would invite
5. Your attention to the accompanying copy of G.O. dated 19-3-78. The Tippacadu bridge referred to therein was built by the late Major Morant, R.E., and Adakalam was in immediate supervision of the work. In fact Adakalam has had his full share of feverish & unhealthy localities, and I trust that the indulgence now sought may be granted. The charge would of course be debited to the work concerned.
