Regarding adjustment
 of the cost of drawings of Bridges
 obtained from England.

What is the amount?
 U.S.

order
 Communicated to the Accountant General
 who will make the necessary adjustment in
 the accounts, the cost being distributed
 equally among all District Boards.

 Note in G.O. 10-5-88 and 14796
 To the Accountant General (with copy of G.O. of
 10 August 1888 No. 14796)
 All Presidents of District Boards.

I thought I had not seen the
 brown order. I don't appear of these
 pretty recoveries from local bodies for pro-
 bational assistance which they ought to
 get for work. The P.W. should arrange to
 provide the cost from Prov. funds.
 U.S. 14 Aug.

I don't think any recovery need be
 made out of these drawings.
 The charge may be accepted for
 Provincial. I don't remember
 having the G.O. in the P.W. If
 I did, it was by inadvertence
 that I wish to see the original

Endorsement by the Supg.
 Engineer II Circle, no. 1575 dated 6th June
 1889 on letter from the General Superintendent,
 P.W. Stores, requesting information as to

 Having regard to the distribu-

 authorities concerned and to charge
 the other 1/3 to Contingencies of the office
 of the Chief Engineer P.W.D.

Distribution
