Superintending Engineer's Office

25th B
II CIRCLE, Begowdew

Dated 13th August 1889.

From,

J. Haman Esquire,

Superintending Engineer,

II Circle.

To,

The Chief Engineer,
Public Works Dept.,
Madras.

Sir,

At the instance of the
Executive Engineer, Vellore Division,
I have the honor to bring to your
notice that the 2 Delta Superintendents
in the Vellore Division hold imprests,
and do the duties of an Overseer.
2. Under the rules of the Civil
Service Regulations, these
men are not entitled to any
travelling allowance, but as they
have to be constantly on the move
with their records & a writer

to supervise works in progress, and make payments in addition to their legitimate duty of regulating water in their charge, it seems hard that they should be deprived of travelling allowances.

3. Taking into consideration the duties performed by these Delta Superintendents, I request that you will be good enough to obtain the special sanction of Government under article 1103 of Civil Service Regulations, to authorize the Examiners to pass the ordinary travelling allowances admissible to an Assistant, to Delta Superintendents Sundaram Iyer, & Perambalur Vaidya.

4. For a similar case, I beg to refer you to G.O. No. 26104 of the 5th November/85.

I am the honor to be
Yours most faithfully
M. V. V. V.

The rule apparently contemplates cases in which subordinate officers may be placed temporarily in charge of the current duties of superior officers.

In the present case, the S.E. apparently intends that the two Delta Supts named should draw the travelling allowances of overseers as a permanent arrangement.

In all the precedent cases put up, travelling allowances were sanctioned for limited periods.

The C very probably will not accept an order granting the allowances to the Delta Supts permanently, & will probably ask for

the sanction of the Govt.
of India to make an
arrangement

The S. S. II Circle
might perhaps be asked
to report when the men
are likely to be relieved
by overmen of the duties
mentioned. If some
probable time can
be fixed, there will
be no and no objection
to granting the allowance

All I want is that the
men should draw T.A.
so long as they are
obliged to travel, and if
an order is passed to that
effect I think there should
be no valid objection.

To W.

It does not appear from the ~
Supg. Engineer's letter that the delta
superintendents are in charge of the
current duties of the office of an ~
overseer. It appears that they are ~
merely doing certain things which are
ordinarily part of the duties performed
by an overseer. This will not, I think,
entitle them to travelling allowance
under Civil Service Regulations article
1103.
