EXAMINER, P. W. ACCOUNTS.

Madras, 9th September 1889.

OFFICE NOTE No. 1295

To

W.

With reference to G.O.No.1748 dated 2nd. July 1889 communicating the Supg. Engineer's report on the explanation of the Executive Engineer Presidency Division of the several points noticed in the inspection report of the division dated 31st. October 1888, I beg to offer the following remarks-

2. Item 5 of summary. According to code para 1612, the Executive Engineer should keep the cheque book in his personal custody. He should only give it to cashier when a cheque is to be drawn.

3. Item No. 10. The Executive Engineer does not say whether the disbursement of salaries before the despatch of salary bills to the Examiner for audit has been discontinued.

4. Item No. 11. The Executive Engineer might be informed that cheques should only be sent by post to payees

have fixed postal addresses and established places of business vide G.O.No.2855 W.dated 13th.September 1888. In the case of Presidency Division, there should apparently be no difficulty in getting the contractor to come for payment either at sub-divisional office at Madras, or at the Executive Engineer's office at Bangalore. If payment to contractors on account of the Madras sub division are made by the Executive Engineer, it would be safer to send the cheques to the sub-divisional officer for delivery to contractors.

5. ✓ Items 23, 24 and 25. The Supg. Engineer's proposed report will be awaited. It will no doubt be possible to devise some system which will effectually secure Government against loss, without requiring the personal intervention of the Executive Engineer.

6. ✓ Item No.26. It might be pointed out to the Supg.Engineer with reference to code para 1818 and G.O.No.746 W.of 5th.March 1888 that only measurement sheets need be sent in with bills, and that measurement books should not be sent in instead.

7. ✓ Items 27 and 28. Attention is invited to my remarks on the summary regarding which orders are awaited.

8. ✓ Items 30 and 33. The Executive

2568
He might be asked to report on them now.
