I have the honor to forward the marginally noted papers in connection with the disallowance of Rs 36-7-, railway fare of the widow and family of the late Serjeant J. Green R.E. to Bangalore so that steps may be taken to have the charge admitted.

2. The code is silent regarding such a case and I was unable to find any Army Regulation in the volumes committed to me during

down

down the course to pursue, but as para 620 of the former states the cost of the journey by rail of non Commissioned Officers proceeding to Europe on Medical certificate including that of their families will be paid in the Department" I concluded that a portion of this would hold in the case of death, even if there existed no other regulations, as I think there must.

3. Accordingly as the family could not be detained, railway fare was given to the nearest Military station.

Sir,

In returning the enclosures received with your docket No. 5684, dated 21st August 1889, I have the honour to state that under Articles 638 and 639 of Army Regulations, India, Volume II, Part II, the widow and Children of a deceased soldier are allowed free passage from the station at which he died to the stations at which they may elect to reside, on the condition that they forfeit all claim to a passage to England at any future period. —

2. Mrs. Grant is a European woman and is at present drawing rations in kind allowance with the K Company Sappers and Miners at Bangalore. It appears to
