READ—the following paper :—

From the Director-General of Stores, to the Secretary to Government, Public Works Department, Madras, dated India office, Whitehall, S.W., 21st August 1889, No. S. 10495.

With reference to your letter of the 24th June 1889, No. 1653 W., forwarding an indent, dated 12th June 1889, for stores required for the Madras Harbour Trust Board, I have the honor to forward, for the information of the officers concerned, a copy of a report by Sir A. Rendel, dated 10th August 1889, relative to the spare boiler with mountings for a tank locomotive engine supplied by Hawthorns and Company.

2. I may remark that the price at which the boiler has been ordered is £540, or £140 in excess of the estimated cost as stated in the indent. In such cases it is necessary to resort to the original suppliers of the engines and we are very much in their hands as regards price.

ENCLOSURE.

COPY report by Sir A. RENDEL, dated 10th August 1889.

I think the tender had better be accepted. We cannot help putting the work in Messrs. Hawthorns' hands. I think it would be well to let the Madras authorities understand that duplicate parts are always expensive where we must go to the makers of the originals, and that in all such cases it would be well for them to consider whether entirely new articles would not be better worth having.
