READ—the following paper:—

From T. M. HORSFALL, Esq., Registrar of the High Court of Judicature, Appellate Side, to the Chief Secretary to Government, dated Madras, 26th August 1889, No. 2088.

I am directed to forward, for the information of Government, copy of letter, No. 747, dated the 10th instant, from the District Judge, South Malabar, requesting that funds may be provided, without delay, for the construction of the new District Munsif's Court at Chávakád, the estimate for which was sanctioned in G.O., dated 27th March 1888, No. 988 W.

2. I am to point out that more than five years ago (*vide* Mr. Nicholson's letter printed in G.O., dated 29th July 1884, No. 1841 W.) this building was pronounced unsafe, and that Mr. Moore now describes it as positively dangerous to human life to continue to hold court in it.

ENCLOSURE.

From L. MOORE, Esq., District Judge, Calicut, to the Registrar, High Court, Appellate Side, Madras, dated 10th August 1889, No. 747.

The District Munsif of Chowghat reports that the building in which he now holds court is in a very dangerous condition. He writes that "in some parts the walls are crumbling, that the court is held upstairs and that a crowded court-day is simply dangerous." The building is one of the oldest in the district and has been pronounced by the officers of the Public Works Department to be unfit for use.

The Government have by G.O., dated 27th March 1888, No. 988 W., sanctioned a sum of Rs. 19,245 for the construction of a new court-house. As nothing further has been done up to this, I request that the Government may be moved to provide funds as soon as possible.

Transferred to the Public Works Department in view to the provision of the requisite funds.

3rd September 1889.

(Signed) A. G. CARDEW,
Under-Secretary.

ORDER—dated 20th September 1889, No. 2611 W., Public Works.

Communicated to the Superintending Engineer, IV Circle, who will arrange for the commencement of the work in anticipation of an allotment which will be made on receipt of information from the Superintending Engineer, as to the amount that can be spent on the work during the current official year.

2. The present court-house should be carefully examined, and if in an unsafe condition, it should be vacated.
