Please let me know whether there is any special reason for the cost of the maintenance of the Dumagudiem Navigation works being debited to Provincial Communications Repairs, and whether it cannot be transferred to 43 Provincial, Minor Works and Navigation, in the same way as the cost of the maintenance of the Buckingham Canal.

To W.

I know of no special reason for classing the maintenance of the Dumagudiem navigation works under provincial repairs, communications. The works have been thus classified ever since their transfer to this Presidency from the Central Provinces in 1873. There appears to be no objection to classify the work as proposed.
