Sub Division Officer should, not only all the
works in the three taluqs forming the head
quarter Sub Division but to go beyond them
to supervise works in the Sivagangal and Ramanath
Zemindari at 30, 50, and 60 miles from my
head quarters. For the above reasons I particularly
request that when Mr. Smyth is transferred
his Sub Division be not altogether abolished, but
that another Sub Division be formed in place
of it with a competent Sub Division Officer
in charge.

I have &c.
Sd/- Mr. Hughes
Exec. Engineer

No 547md.

(True copy)

Submitted to the Chief Engineer P. W. D.
with reference to G. O. No. 2161. W. of 10th August 89.

2. The undersigned fully and very
strongly supports the Exec. Engineer's proposals
for relieving him from the direct charge of the
head quarter Sub Division, and forming it into
a separate Sub Division under the charge of
Mr. Smyth or some other competent Sub Division
Officer, on the abolition of the Vaigai Bridge
Sub Division.

3. Considering the large number of
works in progress and sanctioned in the Division
the area they are scattered over, the extent of the
grant to be utilised (which already amounts to
about Rs. 1,54,000) and the extent of the head

Quarter

26
Quarter Sub Division, it will be quite impossible
for Mr. Hughes or any other Officer to devote due
attention to the head Quarter Sub Division, in addi-
tion to the management of the whole Division,
which has become one of the most important in
the Circle. If the Executive Engineer is to continue
to hold direct charge of any Sub Division, either
the Sub Division or the Division must, as matters
stand at present, unavoidably suffer.

4. The abolition of Ramanath Division
will entail a good deal of extra work and
travelling on the Executive Engineer's side.
