10th August 1889, No. 2155 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Military Works.
Account.

Read—the following paper:—

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 25th July 1889, No. 2079 B.

With reference to G.O., Military Department, No. 3699, dated 6th ultimo, I have been desired, by His Excellency the Commander-in-Chief, to submit the accompanying statement showing the proposed allotment of Rs. 20,000 included in the Military Works budget estimate for the current year to be expended in the sanitation of Native lines in this command.

2. Items 1, 2 and 3 are necessary for the completion of the Pioneer lines at Bangalore. The money noted against item No. 1 has already been expended from the grant from the Military budget for the construction of barracks and married sepoys' huts, and will have to be refunded to enable the Officer Commanding, 1st Pioneers, to finish these buildings. Item No. 4 is to cover part of the cost of deepening Miller's tank at Bangalore, whereby the water-supply of the Madras Infantry battalions occupying the east and west hutting lines in that station will be greatly improved (see my letter No. 543 (Barrack), dated 13th ultimo, to your address). Item 5 is for the improvement of the water-supply at Bellary, and, with items 6, 7 and 8, has been recommended for execution by the local Sanitary Committee, which has been assembled to report on the lines at each station.

3. In regard to the orders contained in para. 4 of O.G., dated 1st May 1889, No. 1159 W., Public Works, the Commander-in-Chief recommends that the whole of the difference between the total allotment of Rs. 20,000 and the sum of Rs. 16,699 provided in the Madras Public Works budget be expended in the subsoil drainage of the Secunderabad Native lines, a work which has been strongly recommended by the Sanitary Committee assembled at that station. This amount may not be sufficient for the completion of the work, but it will go a long way towards it, and any drainage left undone for want of funds at the end of the current official year can be completed next year from the grant for 1890-91.

4. The estimated expenditure on the above items being approximate only, a small reserve of Rs. 617–9–8 has been entered, which, it is suggested, may be applied, if necessary, towards the completion of any of the above works; should it not be required for this purpose, it can be allotted later on in the year to an additional sanitary work.

5. In the remark column of the final issue of the Imperial Military Works estimate for 1889-90, part I, class B works, item No. 4, "Improving the sanitation of the lines of Native troops, Rs. 16,699," it is noted that estimates are awaited; in order, therefore, to save time, copies of the proposed allotment will be forwarded to General Officers Commanding Districts, with a request that they will cause the necessary estimates to be submitted without delay.

Extracts.

STATEMENT showing the proposed allotment of Rs. 28,000 included in the Military Works Budget Estimate for 1889-90 to be expended in the execution of Native Lines in the Madras Command.

District.	Station.	Lines.	Nature of Works.	Approximate cost.
				Rs. A. P.
Bangalore	Bangalore	1st Pioneer lines	Provision of wells and drains in 1st Pioneer lines	3,667 0 0
			Completing the drainage of the Pioneer lines	6,300 0 0
			Provision of public latrines, Pioneer lines	945 0 0
			Improvements to water-supply, East and West Tenting lines	2,000 0 0

OOTACAMUND,
25th July 1889.

(Signed) M. THOTHEROR, Brigde.-Genl.,
Quartermaster-General.

No. 4908, Military.

Transferred to the Public Works Department with reference to G.O., No. 1159 W., dated 1st May 1889.

OOTACAMUND,
26th July 1889.

(Signed) A. KENNEY-HERBERT, Brigde.-Genl.,
Secretary to Government.

ORDER—dated 10th August 1889, No. 2155 W., Public Works.

With his letter above recorded, the Quartermaster-General submits a statement showing the distribution of the grant provided in the current year's Military Works budget for improving the sanitation of the lines of Native troops under the Madras Command. The distribution proposed is approved and the following allotments are accordingly sanctioned :—

		Rs.
(1)	Provision of wells and drains in 1st Pioneer lines, Bangalore ...	3,667
(2)	Completing the drainage of the Pioneer lines, Bangalore ...	6,300
(3)	Provision of public latrines, Pioneer lines, Bangalore ...	945
(4)	Improvements to water-supply, East and West Tenting lines, Bangalore ...	2,000
(5)	Sinking a new well, North and South lines, Bellary ...	1,000
(6)	New standard pan latrines, East Tenting lines, Bangalore ...	2,000
(7)	Do. do. New lines, Trichinopoly ...	1,000
	Total ...	16,082

2694

2. As the above allotments amount to only Rs. 16,082 against the budget grant of Rs. 16,699, the difference Rs. 617 will be held in reserve with the Government to supplement the above grants, if necessary, or for allotment later in the year to any additional sanitary work.

3. As regards item No. (1), it is observed that the amount has already been expended from the grant provided in the Military budget for the construction of barracks and married sepoys' huts, and will have to be refunded to enable the Officer Commanding, 1st Pioneers, to finish those buildings. The Superintending Engineer, V Circle, will expedite the submission of an estimate for item (2). The approximate cost of the other items being within the Superintending Engineer's power of sanction, early steps should be taken to obtain the approval of the Military authorities to estimates for the works, which should be completed as early as practicable.

4. The Quartermaster-General will be requested to expedite the submission of detailed proposals for utilising the grant provided for the "Institutes of British Regiments and Batteries in the Presidency."

5. With reference to para. 4 of G.O., No. 1159 W., dated 1st May 1889, the Government of India will be requested to instruct the Resident at Hyderabad to make the necessary provision for the subsoil drainage of the lines at Secunderabad.

(Here enter No. 2156 W., dated 10th August 1889.)
