30th July 1889, No. 2047 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper:—

Office note from the Examiner, Public Works Accounts, dated Madras, 17th July 1889, No. 1010.

Herewith I submit (by circles) the quarterly reports of completion reports overdue on 30th June 1889.

2. According to the information available, the total number of completion reports certainly overdue on that date was 499, of which 331 were overdue for twelve months and more. Details are shown by circles in the following table:—

Circles.	Number of completion reports overdue and time overdue.							Total.
	Six months.	Seven months.	Eight months.	Nine months.	Ten months.	Eleven months.	Twelve and more months.	
I	8	4	7	1	..	1	51	72
II	34	15	14	3	6	6	148	226
III	4	1	..	..	..	1	39	45
IV	2	5	..	..	1	..	2	10
V	..	6	12	5	2	11	69	105
VI	7	3	5	1	2	..	22	40
Periyár circle	..	..	1	..	..	..	..	1
Total ..	55	34	39	10	11	19	331	499

3. As far as the I and V Circles are concerned, however, the above figures are very incomplete by reason of the failure of the Executive Engineers of the Ganjam, Chingleput and Presidency divisions to reply in time to the inquiries made by me regarding works for which it seems probable that completion reports are due. The following table shows in detail the divisions from which such replies are wanting:—

Divisions.	Inquiries made after examination of accounts for							Total.
	September.	October.	November.	December.	January.	February.	March.	
Ganjam	9	14	23	10	40	28	53	177
West Coast	..	..	..	..	..	..	7	7
Chingleput	..	..	41	39	72	45	56	253
Presidency	..	..	..	..	116	20	14	150
South Arcot	..	..	..	..	..	..	9	9
Trichinopoly	..	..	..	..	..	..	2	2
Total ..	9	14	64	49	228	93	141	598

4. The Executive Engineer, Ganjam division, has probably very little time just now to give to comparatively unimportant matters of this sort, but in his own interests it would be better not let such arrears accumulate more than can be avoided. As regards the other divisions, it would seem that the Executive Engineers of the West Coast, South Arcot and Trichinopoly divisions should be able to furnish the information in question at least as promptly as the Executive Engineers of divisions in the

I and II Circles, who are at a disadvantage of ten or twelve days in the matter of postal transit time; and as regards the Chingleput and Presidency divisions, it is not easy to understand why they should be respectively five and three months in arrears as compared with other divisions. Para. 2 of G.O., No. 1163 W., dated 1st May 1889, does not seem to have received much attention in these two divisions.

ORDER—dated 30th July 1889, No. 2047 W., Public Works.

With his note above recorded, the Examiner submits statements of completion reports overdue for the quarter ended 30th June 1889. The circles most noticeably in arrears are the I, II and V, and the Examiner explains that the figures for the I and V Circles are incomplete owing to the failure of the Executive Engineers of the Ganjam, Chingleput and Presidency divisions to reply to inquiries.

2. The report is specially unsatisfactory as regards the Presidency and Chingleput divisions, and shows that the question of the prompt submission of completion reports still requires much attention at the hands of Superintending Engineers and Executive officers generally.

3. The lists submitted by the Examiner will be forwarded to the Superintending Engineers concerned, and the Government trust that the next quarterly report will show better results.

(True Extract.)

(Signed) R. R. E. DRAKE-BROCKMAN, Lt.-Col., R.E.,
Ag. Joint Secy. to Govt., P.W.D.

To the Superintending Engineers, with list for circle.

RECEIVED 10 SEP 1889 ENCLOSURE P.W.ACCOUNTS

No. 3983 C.d/ 7th Sept. 1889

To C.

For perusal and favour of return

4.9.89

No 1377 / 21st Sept 1889

To W.

Returned with the following remarks:-

2. A sum of Rs.97-I0-6 was spent in No.I Periyar Division to end of June I888 on the "temporary office shed at Madura", but the shed was sold for Rs.I5. by No.II Periyar Division and the proceeds were credited in the accounts of that division for October I888, the last transaction on the work having appeared in the accounts of No. II Periyar Division, the completion report due was included against that division.

3. The completion report for the work in question was received on the I8th. March I889 and returned to the Executive Engineer for completion, and it was resubmitted on the 28th. July

I889
