G.O., dated 7th September 1889, No. 1558, Judicial.

From the Inspector-General of Police, dated 4th June 1889, No. 2643.

I have the honor to submit, for sanction, Public Works Department plan and estimate for Rs. 2,515 for the construction of a police station-house on a new site at Ice-house road, Madras.

2. The Superintending Engineer states that the existing station-house will be demolished for which provision is made in the estimate.

From the same officer, dated 25th July 1889, No. 3584.

From the Commissioner of Police, dated 27th August 1889, No. 57.

In reply to your reference, dated 8th instant, on current No. 2754 of 1889, I have the honor to inform you that the present station-house is by the side of a Muhammadan grave-yard and consists of one verandah and one small room quite inadequate for the accommodation of 32 men. In the verandah is an old Muhammadan tomb which cannot be disturbed, it occupies a great deal of the already limited space, and is in every way objectionable. There is no spare land available on the north. On the west and south there are two public roads. There is a narrow strip of municipal land towards the east of the present station where it is proposed to build the new station.

2. The present building, under these circumstances, is not capable of any enlargement or improvement.

3. The plan is herewith returned.

Order—dated 7th September 1889, No. 1558, Judicial,

In the circumstances stated, the plans and estimates submitted with the first of the foregoing letters are approved and will be transferred to the Public Works Department.
