1st October 1889, No. 2743 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

The Hon. J. Grose, M.A.

Endorsement from the Secretary to Government, Revenue Department, dated 20th August 1889, No. 5343, on endorsement from the Joint Secretary to Government, Public Works Department, dated 16th August 1889, No. 699 D.

Reference thereon, dated 26th August 1889.

Referred to the Collector for very early report.

2. It is observed that the Collector has already requested the Executive Engineer to retain the services of the temporary hands and to arrange for the early execution of emergent repairs till the 29th October next—*vide* Court's Proceedings, dated 26th August 1889, No. 2018.

(True Extract.)

(Signed) M. HAMMICK,
Secretary.

No. 5899, Revenue.

Forwarded, with reference to endorsement, Public Works Department, dated 16th August 1889, No. 699 D.

Fort St. George,
17th September 1889.

(Signed) C. A. GALTON,
Secretary to Government.

From W. JOPP, Esq., Executive Engineer, to the Examiner of Public Works Accounts, dated Ramnad, 11th September 1889, No. 1896.

I have the honor to inform you that I have received instructions by telegram from the Chief Engineer to stay on in charge of the Ramnad estate works until relieved by Court of Wards and keep such establishment as the Collector may require.

2. The Public Works Department operations ceased on 31st July and accounts are now closed, and as I understand by the above telegram that any further expenditure on estate works will be incurred under the direction of the Collector and Court of Wards independently of the Public Works Department, I request that you will address the Court of Wards so that funds may be placed at my disposal to meet expenditure.

3. The balance in treasury to credit of Public Works Department will not be drawn against, but will be reported to you shortly with a view as instructed by you to its surrender to Accountant-General.

No. 1356.

Forwarded for favor of disposal of para. 2.

2. It is not known under what circumstances the Executive Engineer, Ramnad Division, was told to hold on in charge, or how long he is to do so.

19th September 1889. (Signed) C. H. P. CHRISTIE, Major, R.E.,
Examiner, Public Works Accounts.

From Lieutenant-Colonel A. C. SMITH, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Cumbum, 18th September 1889, No. 252 R.N.

With reference to G.O., No. 2460 W., dated 5th September 1889, granting leave to Mr. Jopp to visit Periyár and stating that he should relieve Mr. Grimes by 26th instant, I have the honor to report that, on receipt thereof, I at once wired to Mr. Jopp that he might hand over charge of Ramnad to Mr. Taylor and visit Periyár and arrive in Trichinopoly by 26th instant, as Mr. Grimes is anxious to be relieved by 1st proximo at latest.

2. With regard to the Ramnad estate works there will be nothing going on for the remainder of this month, except a few Provincial works which will of course remain in our charge and be handed over to Madura eventually.

3. With regard to the continuance of work in Ramnad beyond 30th instant, I am informed that the manager of the estate has not yet arranged about a successor to Mr. Jopp; he apparently is still ignorant as to what date he may expect a man to take over charge, and he also says the new man cannot be allowed to take over until he has made himself thoroughly acquainted with the zemindari.

4. In any case it seems probable that Mr. Taylor and his subordinates may be kept hanging about doing very little work for some considerable time.

5. Under the circumstances, therefore, I think it would be advisable to intimate to the manager that from 1st proximo all the establishment of the Public Works Department that he may employ will be considered as lent to the zemindari by the Government and must be paid by the former, and that from the 1st proximo the Ramnad division shall cease to exist as such.

6. With regard to the Provincial works in Ramnad, I have issued orders to the officers concerned that they all are to be handed over to Madura before 30th current.

7. Early orders are requested regarding para. 4 as, according to present instructions, all accounts of the Ramnad division will be closed on 30th September, and if the manager requires work to be carried on after that date with our establishment, he will have to make his own arrangements with Mr. Taylor for payments and accounts, as Mr. Taylor's drawing account will cease to exist after 30th instant.

From Lieutenant-Colonel A. C. SMITH, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Periyakulam, 20th September 1889, No. 255 R.N.

With reference to G.O., No. 2555 W., dated 13th September 1889, I have the honor to state that, as already reported in my No. 252 R. N., dated 18th September 1889, I have, on receipt of G.O., No. 2460 W., dated 5th September 1889, directed Mr. Jopp to hand over charge of the Ramnad works to Mr. Taylor.

2. My reasons for doing so were :—

(i) There is no work to speak of going on now in Ramnad, except Provincial works.

(ii) Mr. Jopp has for the last fortnight been doing nothing but wait for orders, all work having been stopped as per Government orders on 31st July and all completion measurements having been taken by 26th August.

2743

(iii) There is no chance of work being started again now until next month.

(iv) It is very important that work in the Trichinopoly division should be hindered as little as possible, already owing to constant changes among subordinates a good deal of delay has taken place and expenditure is low; Mr. Jopp's services are therefore much more required in Trichinopoly than in Ramnad.

(v) Mr. Taylor is quite competent to carry on the small amount of work there is now in Ramnad, and his successor will probably be a man of about the same standing and certainly nowhere near the rank of an Executive Engineer.

(vi) The manager, who urged our speedy closing of works and accounts as his nominor to succeed Mr. Jopp would be down by the end of August or early in September, has suddenly upset the arrangement at the last moment, thereby causing inconvenience, which should be borne chiefly by the Ramnad estate and not by this department.

3. I request therefore my action in the matter, based on G.O., No. 2460 W., dated 5th September 1889, and on the above reasons, may be approved, as I have no officer to place in charge of the Trichinopoly division.

4. Since writing the above, I have received copy of a letter (copy enclosed), No. 140, dated 10th September 1889, from the Deputy Collector, to the address of the Collector, by which you will see my proposed arrangements are accepted by the manager. Kindly issue early orders as to whether the accounts are to be considered closed, as far as this department is concerned, on 30th instant, as already suggested, all expenditure incurred by Mr. Taylor after that date being met from funds to be obtained from the manager of the estate and accounts rendered to him.

Enclosure.

Copy of letter from the Deputy Collector and Manager, Ramnad Estate, to the Collector of Madura, dated 10th September 1889, No. 140.

With reference to your letter No. 391, dated 3rd, received on the 7th instant, I have the honor to forward herewith copy of the letter from the Executive Engineer, Ramnad Division, No. 1874, dated 9th instant, just received, from which it will be observed that the establishment as heretofore entertained in the Public Works Department has been retained and arrangements made for the execution of emergent works.

2. Considering the short period during which the Public Works Department will have the charge of the estate works, and the small expenditure which will have to be incurred during that period, Mr. Jopp thinks that his services may not be necessary, and I agree with him, as the Sub-Divisional officer, Mr. Taylor, can very well have the entire charge of the works and supervise the few works which will be executed during the short period.

3. As the accounts of works executed previous to 31st July last were closed, Mr. Jopp further proposes that the accounts of expenditure to be incurred hereafter should be kept separately, and that on arrival of the Estate Engineer he should take over charge of works and continue it in just the same manner as an ordinary relief would be effected in a Public Works Department division, and his reasons for the proposal are contained in para. 3 of his letter. I see no objection to it, and consider that the proposed course will be favorable to progress of works and will save heavy cost in the pay of the establishment.

4. The tahsildars and the devastanam amins have been ordered to aid the overseers in obtaining labors promptly.

5. With reference to your remark in para. 3 of the letter under reply, I beg to respectfully state that I have never given a notice to the Executive Engineer that the services of any Maramut establishment would be dispensed with from the 24th August 1889, and I beg to send herewith his original letter No. 1873, dated 9th instant, just received, stating that he has received no communication from me to that effect; I have been, on the contrary, trying my best to have the temporary establishment retained and the emergent works executed by the Public Works Department agency till the estate succeeded in securing proper establishment. I have accordingly written to Mr. Jopp officially and demi-officially on several occasions.

6. Mr. Mariappa Mudali, recommended by Colonel Pennycuick, accepted the offer of the Estate Engineer on the 13th August 1889, and wanted one month's time to join the appointment.

He has telegraphed to me on the 28th August that he is delivering the charge of works at Parlákimedi and will join this estate appointment soon. He has not yet come, and I telegraphed on the 9th September 1889 to the Executive Engineer, under whom he has been working at Parlákimidi, to inform me when he will be relieved. I shall address you again on the subject on the receipt of the reply. In the meanwhile I request that you will be pleased to let me have the applications received in your office for the post of Local Fund Engineer with necessary information regarding them.

No. 1926.

True copy forwarded to the Superintending Engineer for information, in continuation of letter No. 1883, dated 9th September 1889.

17th September 1889.

(Signed) W. JOPP,
Executive Engineer, Ramnad Division.

Order—dated 1st October 1889, No. 2743 W., Public Works.

The action of the Superintending Engineer in directing Mr. Jopp to hand over charge of the Ramnad division to Mr. J. M. Taylor, Supervisor, and to assume charge of the Trichinopoly division after visiting the Periyár works, is approved.

2. As recommended by the Superintending Engineer, the accounts of the Ramnad division, so far as the Public Works Department is concerned, will be closed on the 30th September, and the Public Works Department establishments employed on the estate from 1st October will be regarded as lent to the zemindari, and must be paid by it until they are relieved.

3. The Court of Wards will be requested to arrange for the supply of funds for such works as may be found necessary after 30th September, and the expenditure on such works will be accounted for by the Supervisor in charge to the Manager of the estate.

4. The action reported in para. 6 of the Superintending Engineer's letter No. 252 R.N., dated 18th September 1889, is approved.

5. The following telegram will be despatched to the Superintending Engineer:—

"Your letters 252 and 255, 18th and 20th September. Your action and proposals approved."

ENCLOSURES. nil

Sir,

With reference to G.O. No. 2555 W dd 13th Septr/89, I have the honor to state that as already reported in my No. $\frac{252\ RN}{18\cdot9\cdot89}$ I have on receipt of G.O. No. $\frac{2460W}{5\cdot9\cdot89}$ directed Mr. Jopp to hand over charge of the Ramnad works to Mr. Taylor.

2 My reasons for doing so were

(i) there is no work to speak of going on now in Ramnad except Provincial works.

(ii) Mr. Jopp has for the last fortnight been doing nothing but wait for orders, all work having been stopped as per Govt. orders on 31st July and all completion measurements having been taken by 26th August.

(iii) There is no chance of work being started again now until next month.

10

(IV) It is very important that work in the Trichinopoly Division should be hindered as little as possible, already owing to constant changes among subordinates a good deal of delay has taken place & expenditure is low, Mr. Jopp's services are therefore much more required in Trichinopoly than in Ramnad.

(V) Mr. Taylor is quite competent to carry on the small amount of work there is now in Ramnad and his successor will probably be a man of about the same standing and certainly no where near the rank of an Executive Engineer.

(VI) The manager who urged our speedy closing of works and accounts as his nominee to succeed Mr. Jopp would be down by the end of August or early Septbr. has suddenly upset the arrangement at the last moment thereby causing inconvenience which should be borne chiefly by the Ramnad Estate and not by this Department.

3 I request therefore my action in the matter based on G.O. 2450 W / 5-9-89 & on the above reasons may be approved, as I have no Officer to place in charge of the Trichinopoly Division.

4 Since writing the above I have received Copy of a Letter (Copy enclosed) No. 140 / 10-9-89 from the Deputy Collector to the address of the Collector by which you will see my proposed arrangements are accepted by the Manager. Kindly issue early orders as to whether the accounts are to be considered closed as far as this Department is concerned on 30th Instant as already suggested all expenditure incurred by Mr. Taylor after that date being met from funds to be obtained from the Manager of the Estate and accounts rendered to him.

With reference to your letter No. 391 dated 3rd received on the 7th Instant, I have the honor to forward herewith Copy of the letter from the Executive Engineer, Ramnad Division, No. 1874 dated 9th Instant just received, from which it will be observed that the Establishment as heretofore entertained in the P.W.D. has been retained and arrangements made for the Execution of urgent works.

2 Considering the short period during which the P.W.D. will have the charge of the Estate works and the small Expenditure which will have to be incurred during that period Mr. Jopp thinks that his services may not be necessary and I agree with him as the Sub Divisional officer Mr. Taylor can very well have the entire charge of the works and supervise the few works which will be Executed during the short period.

3 As the accounts of works Executed previous to 31st July last, were closed, Mr. Jopp further proposes that the accounts of Expenditure to be incurred hereafter should be kept separately and that an annual [illegible] of the

Estate

12

Estate Engineer he should take over charge of works and continue it, in just the same manner as an ordinary relief would be effected in a P. W. D. Dn and his reasons for the proposal are contained in para 3 of his letter. I see no objection to it and consider that the proposed course will be favorable to progress of works and will save heavy cost in the pay of the Establishment.

4 The Tahsildars and the Devastanam Amins have been ordered to aid the overseers in obtaining labours promptly.

5 With reference to your remark in para 3 of the letter under reply, I beg to respectfully state that I have never given a notice to the Executive Engineer that the services of any Maramut Establishment would be dispensed with from the 24th August/89 and I beg to send herewith his original letter No. 1873 dated 9th Instant just received, stating that he has received no communication from me to that effect. I have been, on the contrary trying my best to have the temporary Establishment retained and the emergent works executed by the D. P. W. agency till the Estate succeeded in securing proper Establishment. I have accordingly written to Mr. Jopp officially and demi-officially on several occasions.

6. Mr. Mariappa Mordali recommended by Col. Pennycuick accepted the offer of the Estate Engineer on the 13th August /89 and wanted one months time to join the appointment.

He has telegraphed to me on the 28th August that he is delivering the charge of works at Karla Kunidi and will join this Estate appointment soon. He has not yet come and I telegraphed on the 9th September 1889 to the Executive Engineer under whom he has been working at Karla Kunidi to inform me when he will be relieved. I shall address you again on the subject on the receipt of a reply. In the meanwhile I request that you will be pleased to let me have the applications received in your Office for the post of Local Fund Engineer with the necessary information regarding them.
