The establishment was not maintained last year, because the building was not fitted up as a store shed and Sub-Engineer's office until November last. The watchman employed to look after the Head Assistant Collector's office looked after this building also last year; but as this building has now been sold, a watchman for the store and Sub-Engineer's office is necessary.

(*c*) Required for keeping the Executive Engineer's office clean at Ramnad. An estimate (No. 61 of 1888-89) for this purpose was sanctioned in last year under Provincial, Tools and Plant, New Supplies.

ENCLOSURES.

Sir,

With reference to para 1 of your Memorandum No: 3736 C. dated 19th August 1889 on Supplementary Statement of Temporary Establishments, I have the honor to inform you that there is no separate Sub Division Office at Negapatam, the Executive Engineer being in charge of the Head Quarter Sub Dn. the Office and store room of the Sub Engineer or detached Officer being far away from Division Office, and as he has only one Lascar, the employment of a watchman is absolutely necessary.

2. As for watching the store shed at Periakulam, referred to in para 2, I would inform you that there are but few tools kept in the building, which is about 24 miles away from Uthamapaliam, the present head quarter of the Periakulam Sub Dn. It would perhaps not be worthwhile keeping up the building at all, if it were certain that the Head Quarters of Periakulam Sub Division would be always at Uthamapaliam; but two or three years
by

years hence there will be scarcely any work in the Cumbum valley; and it may then be de:sirable to make Periakulam the Sub Division Head Quarters. At present it appears advisable to keep up the "store" in the building in question; and as long as it is kept up a watchman is certainly required to look after the stores and the building.

3. The Estimate, sanctioned in No: 7 of 1888-89 for this building under Civil Buildings, Repairs, was under para 964 of the Code, and it was only for watchman's pay. The order,^x ruling that such charges should be detailed to Establish:ment, was received only lately.

x G. O. No. $\frac{1318}{17.5.89}$ W.

4. In regard to the 3rd item, noticed in para 3 of the Memorandum the Executive Engineer Ramnad, reports that the watcher has both to look after the building and keep it clean; he has hitherto been drawing 6 Rs. a month, and therefore it does not seem advisable to reduce now his pay. The Division is to be closed shortly.

5. The Estimate for the pay of this watcher was sanctioned in last year under Tools and Plant in conformity with the Examiner's No: 350. C.E. of 5th February 1887, based upon G. O. No: 2938. W. dated 22nd ?March 1883.
