CIRCULAR No. 43 of 1889.

2809

From

MAJOR C. H. P. CHRISTIE, R.E.,

EXAMINER, P. W. ACCOUNTS, MADRAS,

Madras, 17th September 1889.

THE following is forwarded to all Executive Engineers for information and guidance.

C. H. P. CHRISTIE, Major, R.E.,

Examiner, P. W. Accounts, Madras.

Extract (para. 1) from letter from the Examiner, P. W. Accounts, Madras, to the Executive Engineer,
Ramnad Division, No. 590 $\frac{SE.}{6}$, dated 29th August 1889.

With reference to your letter No. 142 C, dated 5th instant, returning the statement of buildings rented and available for rent, corrected, I have the honor to inform you that in the case of buildings constructed or purchased less than eight years ago, if the estimated future cost of repairs is to be based upon past averages and not purely on estimate, the average actual cost of repairs should be obtained by dividing the total expenditure on repairs (since construction or purchase) by the number of years that the building has been in possession of Government (since construction or purchase).
