GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

From Lieutenant-Colonel A. G. BEGBIE, R.E., Officiating Deputy Secretary to the Government of India, Public Works Department (Account—Civil Works), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 6th September 1889, No. 307 A./C.W.

With reference to correspondence ending with your telegram of the 7th March 1889, I am directed to invite attention to the lapse * which has taken place on the revised estimate of expenditure on Provincial Civil works for 1888-89 and to request that special measures may be taken to ensure a more accurate forecast in future years.

	Rs.
Revised estimate	21,72,000
Actuals, 1888-89	20,77,463
Lapse ...	94,537

ORDER—dated 8th October 1889, No. 2812 W., Public Works.

In its letter above recorded, the Government of India brings to notice a lapse of Rs. 94,537 on the revised estimate of expenditure on Provincial Civil works for 1888-89 and requests that special measures may be taken to ensure a more accurate forecast in future years.

2. The lapse occurred under the following heads:—

	Rs.
Original works	19,648
Repairs	26,264
Establishment	12,963
Tools and plant	10,857
Profit and loss and suspense	24,805
Total ...	94,537

3. *Original Works.*—Under this head there was excess or short outlay exceeding Rs. 500 in most of the divisions, but the only serious lapses took place in the following divisions:—

	Rs.
Presidency division	9,000
South Arcot division	7,000
Godávari Western division	3,500
Total ...	19,500

As regards the lapse in the Presidency division, the Executive Engineer explains that it was due to the failure of the contractor to execute work, to the amount of the sanctioned allotment, on the operation-room at the General Hospital, Madras; to difficulty in obtaining good bricks, and to late receipt of sanction to allotments for the undermentioned works:—

(1) Additional buildings at the Lunatic Asylum, Madras.
(2) Converting two of the worksheds at the Lunatic Asylum, Madras, into 32 single rooms.
(3) Improving the strong rooms of the Paper Currency Office, Fort St. George.

The short outlay in the South Arcot division is explained to have been due to the machinery charged to the Gadilam bridge work having been returned to the Public Works Workshops. The Executive Engineer, Godávari Western Division, explains that the lapse in that division was due to the non-receipt of the final bill from the Dowlaishweram workshops for wood-work supplied to the Taluk office at Narsápur, and to failure on the part of piece-workers to collect materials for the Sub-Registrars' offices at Bhímavaram and Narsápur.

Repairs.—Of the total lapse of Rs. 26,264 under this head, a short outlay of Rs. 25,871 occurred in the Presidency division, and the only explanation given is that bills were received too late in the year for payment. The results in this division with respect to both original works and repairs are anything but creditable to the Divisional and Sub-divisional officers concerned, and the matter has already been noticed by the Chief Engineer in his memo. No. 3597 C., dated 10th August 1889.

Establishment.—The Examiner, Public Works Accounts, explains that the saving was due to the total contributions from other funds being greater than those provided for in the revised estimate.

Tools and Plant.—The greater portion of the lapse was in the Public Works Stores division, and is explained to have been due to non-payment for English stores received late in the year.

Suspense.—The saving under this head was chiefly due to decrease under "Stock."

4. The lapses under Establishment, Tools and Plant, and Suspense might have been reduced if the revised estimates under those heads had been more correctly framed. The Examiner, Public Works Accounts, has been separately requested to suggest measures to ensure a more correct forecast of requirements under these heads.

5. The lapses under Original Works and Repairs would probably not have occurred if Superintending Engineers had in proper time carefully compared grants with the expenditure and surrendered all such sums as could not be utilised before the close of the official year. It is noticed that large amounts are frequently surrendered after revised estimates have been communicated to the Government of India, when it is too late to utilise the surrenders elsewhere. Applications for additional allotments are often received after the reserve held at the disposal of the Government has been appropriated to meet demands for incomplete works of the previous year and sanction to such allotments is therefore deferred until funds become available by surrenders. To ensure the utilisation of grants and to reduce the frequency of applications for additional allotments, it is desirable to fix regular dates for the submission of applications for modifications of grants. Superintending Engineers and the Consulting Architect will therefore in future submit applications for modification of allotments on or before the 1st of the months noted in the margin, after careful consideration of grants and expenditure under all funds.

August, November and February.

6. If after submitting the last application, it is found that further modifications of grants are absolutely necessary, applications may be made by letter so as to reach the Chief Engineer on or before the 20th February, and by wire up to 1st March of

every year, after which date no modifications will be accepted. In cases of emergency, however, applications for modifications of allotments may be submitted as occasion arises without reference to the dates fixed for periodical applications.

7. Applications for transfers of funds may, as usual, be submitted at any time provided they reach the Chief Engineer before the close of the official year.

The budget estimate for Revenue was sanctioned for a sum of Rs. 84,000, which was increased to Rs. 1,40,000 in the revised estimates. The realisations in the year amounted to Rs. 98,230, or short of the revised estimate by Rs. 41,770 and of the revenue in 1887-88 by Rs. 8,891. The large difference during the year is accounted for by short realisations of Rs. 9,000 under sales of buildings, Rs. 17,000 under receipts from self-supporting workshops and Rs. 16,000 under other sub-heads.

2. The budget estimate for expenditure on Provincial Civil Works amounted to Rs. 23,00,000, which was reduced to Rs. 21,72,000 in the revised estimate. In order to bring the final grants, as proposed by the Local Government (Rs. 21,98,341), into agreement with the figures (Rs. 21,72,000) adopted by the Government of India in their Resolution No. 17 B.O. A.C.—W., dated 30th March 1889, the Local Government made the following reductions to cover the difference of Rs. 26,341, directing the Examiner at the same time to give this explanation of the cause of the excess outlay, if any, on the works whose grants were thus reduced—*vide* para. 2 of G.O., No. 1166 W., dated 1st May 1889 :—

Resolution.—

The estimates of revenue and expenditure accepted by the Government of India are shown in the accompanying tables.

2. The revised estimates of expenditure proposed by Local Governments have in the following cases been modified on a consideration of the progress of expenditure during the first ten months of the year:—

	From	To
	Rs.	Rs.
Provincial (Departmental officers)—		
North-Western Provinces and Oudh	25,50,000	24,74,000
Punjab	24,15,000	23,18,000
Madras	22,88,000	21,72,000
Local—		
Assam (Departmental officers)	8,18,000	7,98,000
Bengal (Civil officers)	*35,00,000	31,00,000

* Reduction made by Finance Department.

3. The final issues of the Provincial and Incorporated Local Public Works budget estimates should be prepared for the amounts accepted and should be despatched,† so as to reach the Government of India not later than the 1st May 1889.

† 10 copies to Simla office and 25 to Calcutta office.

4. Attention is invited to the following remarks regarding the provision for establishment in the several budget estimates:—

Central Provinces.—It is not clear why the budget estimate provides for sub-divisional allowances for 18 upper subordinates, when there are but 18 sub-divisions in the Central Provinces, some of which are, presumably, in the charge of Assistant

Engineers. In submitting the final issue of the budget estimate explanation should also be afforded of the necessity for the increased provision during the ensuing year for the clerical establishment of the Secretariat and Examiner's offices.

Lower Burma.— It is observed that the pay of the clerks employed in the office of the Superintending Engineer, I Circle, range from for Rs. 50 to Rs. 260, and that the sanction of the Government of India has not apparently been obtained to appointments, the pay of which exceeds Rs. 250. A reference is invited to Public Works Department Code, volume I, chapter I. para. 27 (i), in view to the necessary sanction being obtained.

Punjab.— The provision of Rs. 6,88,620 under Provincial for establishment represents 33 per cent. of the total estimated outlay on works and repairs, which is considered somewhat high. The provision in the budget estimate for temporary establishment appears excessive, and measures should be taken for its reduction. The number of Engineers provided for in the estimate is in excess of the number actually employed at present in the province and of the revised cadre—*vide* Public Works Department No. 2117 G. of the 17th August last.

Madras.— In comparison with the outlay on works and repairs, the charge for establishment seems very high, being 40·6 per cent. of the total estimated expenditure. This would appear to require the attention of the Government of Madras.

5. The statements prescribed in P. W. D. Resolution No. 381 A. —G., dated 30th November 1882, showing the percentages which the charges for establishment bear to the outlay on works and repairs should be submitted as an appendix to the final issue of the budget estimate.

Order—

Ordered that the foregoing be communicated to the Local Governments and Administrations noted in margin for information and guidance.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners, Central Provinces, Burma, Assam and Coorg.
The Agent to the Governor-General, Rajputana.

Ordered also that copies be forwarded to the Finance Department and the Accountant-General, Public Works Department, for information.

(Signed) A. G. BEGBIE, Lieut.-Col., R.E.,
Offg. Dy. Secretary to the Govt. of India.

Office note from the Examiner, Public Works Accounts, dated 16th April 1889, No. 495.
" " Chief Engineer for Irrigation, dated 24th April 1889, No. 103.

Order—dated 1st May 1889, No. 1166 W., Public Works.

The budget estimate of charges for 1889-90 under Provincial, Civil Works, has been prepared for Rs. 23,00,000, the amount fixed in the statement which accompanied the Resolution of the Government of India above recorded.

2. The revised estimate of charges for 1888-89 as shown in the preliminary issue of the budget amounted to Rs. 23,43,210, but the modifications of grants subsequently sanctioned reduced the amount to Rs. 21,98,341. The Government of India having passed the estimate for Rs. 21,72,000 on a consideration of the progress of expenditure during the first ten months of the year, that sum has been adopted in the final issue and reductions as per margin have been made to cover the difference (Rs. 26,341). If there is excess outlay on any of the works whose grants have thus been reduced, the Examiner, Public Works Accounts, will explain the cause in his Finance Accounts for the year.

	Rs.
Reserve with the Government ...	1,929
Alteration to the Medical College, Madras	2,355
Collector's office at Nellore	2,000
Collector's office at Calicut	5,000

District Munsif's Court at Karúr ...	2,000
Sub-Judge's and District Munsif's Court at Pálghat	2,057
District Munsif's Court at Paramakudi.	1,000
Improvements to the Presidency Training school for Mistresses, Madras	5,000
Quarters for the 2nd-class European attendants, Lunatic Asylum, Madras.	2,500
Total ...	26,341

3. Items 47, 52, and 66 of the preliminary budget have been eliminated in the final issue, as funds to the extent of the sanctioned estimates were provided for them in 1888-89.

4. The grants provided for items 4, 10, 32, 37 and 45 of the preliminary issue of the budget have been reduced by the amounts of the allotments subsequently sanctioned for them. The amounts provided for items 1, 25, 31, 33, 46, 50, 51, 55 and 56 of the preliminary budget have been increased in the final issue to the extent of the unspent balance of the sanctioned estimates.

5. Provision of funds has been made in the final issue of the budget for the marginally-noted works with reference to the Proceedings of Government noted against them.

Improvements to the examination hall attached to the Presidency College, Madras—*vide* G.O., No. 642 W., dated 5th March 1889.
Extending the cemetery attached to St. George's Cathedral, Madras—*vide* G.O., No. 1045 W., dated 16th April 1889.

6. The grant of Rs. 18,000 provided in the preliminary budget for alterations and improvements to the Medical College buildings, Madras, has been reduced to Rs. 10,259 with reference to G.O., No. 1020 W., dated 12th April 1889.

94

7. The amount provided in the preliminary issue of the budget for the Sea Custom Assistant Superintendent's office at Calicut has been withdrawn in the final issue and allotted for repairing and reroofing the goods sheds attached to the Sea Custom house at that station with reference to G.O., No. 1044 W., dated 16th April 1889.

8. The allotment for the Sub-Registrar's office at Bimlipatam has been transferred to that at Chódavaram with reference to G.O., No. 1081 W., dated 24th April 1889.

9. The modifications of grants under Civil Buildings, Minor Works, applied for by the Superintending Engineer, VI Circle, in his letter No. 2328 T.J., dated 4th February 1889, have been carried out in the final issue of the budget.

10. Provision has been made in part III of the budget for the establishment required for the Drawing Branch attached to the Chief Engineer's office—*vide* G.Os., No. 178 W., dated 23rd January 1889, and No. 813 W., dated 18th March 1889.

11. Superintending Engineers concerned will submit, with the least possible delay, plans and estimates for the unsanctioned works for which funds have been provided in the budget.

12. The grants for Minor Original Works have been distributed to divisions with reference to G.O., No. 2665 W., dated 29th August 1888. The amount reserved for incomplete works will be appropriated on receipt of detailed proposals from Superintending Engineers and the Consulting Architect to Government.

13. The grants for Repairs and Tools and Plant will, as usual, be held at the disposal of Government and distributed on receipt of statements of demands from Superintending Engineers and the Consulting Architect to Government with reference to para. 1322 of the Public Works Code.

14. With reference to para. 4 of their Resolution above recorded, the attention of the Government of India will be invited to letter No. 1147 W., dated 26th April 1887, in which full explanation was furnished of the circumstances which necessitate a high charge for establishment in this Presidency. It will also be observed that the percentage charge for establishment compared with outlay on works and repairs in 1887-88 was 64·5, while that in 1888-89 and 1889-90 is only 40·6.

15. With advertence to para. 5 of their Resolution, the Government of India will be informed that the statement prescribed in the Public Works Department Resolution No. 381 A.—G., dated 30th November 1882, has been submitted as appendix E to the budget estimate.

16. With these remarks the final issue of the Provincial Civil Works budget estimate for 1889-90 will be printed and circulated for the information and guidance of the officers of the department, and 35 copies as shown in the margin forwarded to the Government of India.

As regards the Government of India's request to that Special Allowances may be taken to commence at more accurate periods of the Period of time to the future years, it is proposed, Sir, that to appeared, to issue a Circular to the Supply Engineers desiring them to compile periods for works in their Circles with they are to keep a point than once in every three months and to vary and such grants as cannot be utilized. As the Government of India have fixed the 1st March as the latest date for report of alterations in the Special Establishments, Supply Engineers may be informed that the table for March should be reported by letter up to the 20th Feby and by wire up to 1st March and that a final statement as subsequent will be accepted. It is important for an

Dear

The proposals in this note seem good, but the G. of I. letter is addressed to this Govt. & cannot be disposed of merely by a Ch. Engr's memo. The proper course is to draft a G.O. for the approval of the Hon. reviewing the causes of Short outlay. The instructions in the proposed circular memo can be embodied in the G.O.

If approved, draft will be drawn up accordingly.

My dear Lt. Col. Thornhill

I have looked into your admirable Report to see whether there is any explanation of the short outlay on provincial Civil Works last official Year & find none. There is only a tabular statement showing the fact. We must give an order about it showing how & when the lapse occurred, and why. There will have to be some very stringent orders upon it.

PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

October 8, 1889.

READ the following

From the Government of India P. E. No: 307 A/64 dt 6th September/89.

In the letter above recorded, the Govt of India bring to notice a lapse of Rs 94,537 on the revised estimate of expenditure on Provincial Civil works for 1888-89 and request that special measures may be taken to ensure a more accurate forecast in future years.

2 The lapse occurred under the following heads:—

Irrigation Works — Rs 19,648

Repairs — " 26,264

Establishment — " 12,963

Tools and plant — " 10,857

Profit and Loss and Suspense — " 24,805

Total Rs 94,537

3

3 Original Works. Under this head there were no excess or saving exceeding 500 Rs. which call for remarks of the Divisional Officers, but the largest lapses took place in the following Divisions:—

Presidency Division — Rs. 9,000
South Arcot Do — " 7,000
Godavari Western Do — " 3,500
Total Rs. 19,500

As regards the lapse in the Presidency Div, the E.E. explains that it was due to the failure of the Contractor to execute work to the amount of the sanctioned allotment, on the operation room at the General Hospital, Madras; to difficulty in obtaining good bricks, and to late receipt of sanction to allotments for the undermentioned works.

(1) Additional buildings at the Lunatic Asylum, Madras.

(2) Improving the sluice arrangements of the Upper Reservoir, Fort St. George.

The short outlay in the South Arcot Division to be explained to have been due to the machinery charged to the Gudalur bridge work having been returned to the Public Works Workshops. The Executive Engineer, Godavari Western Division, explains that the lapse in that Division was due to the non-receipt of the final bill from the Dowlaiswaram Workshops for wood work supplied to the Taluk office at Narsapur, and to failure on the part of piece workers to collect materials for the Sub-registrars offices at Bhimavaram and Narsapur.

Repairs.

Repairs. Of the total lapse of Rs 2,62,264 under this head, a sum of Rs 2,25,871 occurred in the Presidency Div: and the only explanation given is that bills were received too late in the year for payment. The results in this division call for no remark.

Buildings & Works and Repairs & Establishment. No explanation.

Tools and Plant. The greater portion of the lapse was in the P.W. Stores Division, and is explained to have been due to non-shipment for Europe by the Stores Department late in the year.

Suspense. The saving under this head was chiefly due to decrease under "Stock".

4 The lapse under Establishment, Tools and Plant, and Suspense might have been reduced if the revised estimates under those heads had been more correctly framed. The Examiner P.W. Accounts has been separately requested to suggest measures to ensure a more correct forecast of requirements under these heads.

5 The lapse under Original Works and Repairs would probably not have occurred if Superintending Engineers had in proper time carefully compared grants with the expenditure and surrendered all

86

all such surrenders could not be utilized before the close of the official year. It is not seldom that large amounts are frequently surrendered after revised estimates have been communicated to the Govt. of India, when it is too late to utilize the surrenders elsewhere. Applications for additional allotments are often received after the reserve held at the disposal of the Govt. has been appropriated to meet demands for incomplete works of the previous year and sanction to such allotments is therefore deferred until funds become available by surrenders. To ensure the utilization of grants and to reduce the frequency of applications for additional allotments, it is desirable

to

to fix regular dates for the submission of applications for modifications of grants. Supdg. Engineers and the Consulting Architect will therefore in future submit applications for modification of allotments on or before the 1st of the months noted on the margin*, after careful consideration of grants and expenditure under all funds. If after submitting the last application, it is found that further modifications of grants are absolutely necessary, modifications may be made by letter so as to reach the Chief Engineer on or before the 20th February, and by wire up to 1st March of every year after which date no modifications will be accepted. In cases of emergency however

* August, November & February

87

However applications for modifications of allotments may be submitted as occasion arises without reference to the dates fixed for periodical applications.

7. Applications for transfers of funds on any account, be submitted at any time provided they reach the Chief Engineer before the close of the Official year.

Repairs.

Repairs. Of the total Expenditure of Rs 2,67,264 under this head a short outlay of Rs 25,871 occurred in the Presidency Dn. and the only explanation given is that bills were received too late in the year for payment. The result in this direction has been to keep down the expenditure to both Original Works and Repairs and anything but creditable to the Divisional and Sub Divisional officers concerned, and the matter has already been noticed by the Chief Engineer in his memo: no: 3597 C.S/10 dt August 1889.

Establishment. The Examiner P.W. Accounts explains that the saving was due to total contributions from other funds being greater than those provided for in the revised estimates.

Tools and Plant. The greater portion of the lapse was in the P.W. Stores Division, and is explained to have been due to non-payment for Establishment charges received late in the year.

Suspense. The saving under this head was chiefly due to decrease under "Stock".

4. The Expenditure Establishment, Tools and Plant and Suspense might have been avoided if the revised estimates under those heads had been more correctly framed. The Examiner P.W. Accounts has been separately requested to suggest measures to ensure a more correct forecast of requirements under these heads.

5. The lapses under Original Works and Repairs would probably not have occurred if Supdg. Engineers had in proper time carefully compared grants with the expenditure and surrendered all
