SIR,

Enclosures.

The Examiner on the supposition that a leasee is extra in the Bellary District, has disallowed the pay of a leasee appointed to fill a vacancy in the Anantapur Sub Division from 20th January to 17th February 1889.

2. Under the present system, temporary subordinates are posted to permanent charges in place of subordinates on the permanent establishment, otherwise employed, and the leasees attached to them who also belong to the permanent establishment have been hitherto allowed to do duty.

under the Temporary Subordinates; but
the Examiner considers that the latter
class of Overseers are not entitled to
Locators under G.O. 37074 of 23 Novem-
ber 1887.

One Locator at least is certainly
necessary for each Overseer permanent
or temporary and I request that the
Examiner may be authorized to audit
the pay in the present instance.

The lascars' pay was disallowed for the period prior to joining of the overseer for whom he was required, he having been appointed on 20th. January 1889 whilst the overseer only joined on 18th. February 1889; and there was no other vacancy to which he could be appointed.

2. The vacancy apparently referred to by the Supg. Engineer occurred on 1st. January 1889, and is understood to have been filled by the appointment of another lascar on 21st. January 1889.

3. I did not say that lascars were not allowed for temporary overseers, but that only temporary lascars could be allowed. Such temporary lascars should only be

Sir, Madr as

With reference to your memorandum
No. 616 D dt 5th August 1889, I have the
honor to report that there should be 4
permanent Inspectors attached to the 4 Upper
Subordinate charges in the Bellary Dⁿ
exclusive of Sub Division Officers; now
there are only 3 such Upper Subordinates
but D Swaminatha Iyer, Temporary Sub
Inspector was sent here to count against
the strength of Upper Subordinates as
expressly stated by the Chief Engineer.
The 4th Inspecter by name Banthoji said
has just as much right to his permanent
appointment as any other permanent
employee.

unfitness from 1st January 1889, and
a new man by name Chuma Kuetkoodem
was appointed in his place from 20th
January 1889 to make up the strength

appointment the Examiner objects to

OFFICE NOTE No. 1367.

With reference to G.O.No.2359/7
dated 27th. August 1889, I beg to point
out that the letter of the Supg. Engi-
neer 3rd. Circle No. I368 dated 14th.
August 1889 on which the above G.O.
is based, is incorrect.

2. There are at present 3 perma-
nent and 1 temporary upper subordinates
attached to the division for which
3 permanent and 1 temporary lascars
are admissible. Until the 31st. Decem-
ber 1888, there were 4 permanent las-
cars against 3 permanent upper sub-
ordinates, due to the transfer of Cor-
poral Rule overseer to South Arcot
Division and on the retirement of one
of them from 1st. January 1889, it was
pointed out that the excess of one
lascar on the permanent establishment
should be absorbed and that 4th lascar
should be only temporary, as he is re-
quired for employment under a tempo-
rary upper subordinate. The reason

addressed by the Supg. Engineer 3rd. Circle that as temporary sub overseer D. Saminatha Aiyar was appointed to count against the strength of upper subordinates sanctioned for the division, the 4th lascar should be treated as permanent is incorrect, as the number of lascars admissible for the division is determined with reference to the actual number of permanent and temporary upper subordinates employed and not with reference to the scale fixed for each division.

Referred to the Supg. Engineer 3rd Circle for favor of remarks. The Examiner's contention is that Lascar Banthaji Saib should have been absorbed in the vacancy caused by Lascar Vancad-nah's discharge, and that Chinna Jackroddan should have been appointed a temporary lascar only from the 18th February 1889 the date on which the temporary overseer for whom he was required, joined the division.
