GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following papers:—

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezvada, 30th July 1889, No. 1006 K.S.

I have the honor to forward, for your approval and sanction of Government, a supplemental estimate, amounting to Rs. 472, for constructing a well in the Executive Engineer's quarters at Bezvada, which will increase the amount sanctioned for the quarters in G.O., No. 659 L., dated 1st November 1888, from Rs. 9,486 to Rs. 9,958.

2. The above can be met from the balance available for unforeseen works of the Kistna Delta system.

Office note to the Examiner, Public Works Accounts, dated 13th August 1889, No. 217.

Office note from the Examiner, Public Works Accounts, dated 29th August 1889, No. 1254.

Your office note No. 217 of 13th August 1889.

I beg to point out that, including the cost of well, the capital cost of the estimate will not exceed the limit of 8 per cent. of the salary of occupants if the calculation of rent is to be based on the salary of the highest grade of Executive Engineers and on that supposition there is no objection to the sanction of estimate.

2. I must, however, point out that there is no distinct ruling on this point, and I would suggest that the Government of India be asked to lay down a general rule for guidance on this and similar cases.

3. The enclosures received with your office note are returned.

ORDER—dated 21st September 1889, No. 461 L., Public Works.

Balance as per G.O., No. 313 L., dated 4th July 1889	Rs. 2,24,316	The following estimate is sanctioned from the balance of the lump sum provision available for unforeseen works of the Kistna Delta system which will then be reduced to Rs. 1,99,866 * :—

PROCEEDINGS OF THE MADRAS GOVERNMENT.

October 10, 1889.

Read the following

G.O. 461 I dated 21st September 1889.
Para 3

Ordered that the
Govt. of India be addressed

(No. 2829 of Oct. 10, 1889.)

The Secretary to the
Government of India
P. W. Dept.

Sir,

No
604

With reference to rule (1)
in Govt. of India Resolution
No. 481 B dated 7th Sept. 1888,
I am directed to inquire
on what rate of salary
the 8 per cent should be
calculated in arriving
at the capital cost of a
residence proposed to be
constructed for an officer
holding an appointment
of which there are several

Classes or grades.

2. A case in point is that of the Executive Engineer's quarters at Benavada, the construction of which was sanctioned in General Order No 171 dated 11th September 1888. It was considered by this post that the 8 per cent should be taken on the pay of an Executive Engineer of the 1st grade, and the Engineer P. W. Accounts while not objecting to this view, suggests that a distinct ruling on the subject should be obtained from the Govt. of India. Apparently in such cases a precedence should be provided so as to be suitable for the highest class of officers likely to occupy it, while an officer of a lower grade

posted to the same charge would be protected from payment of excessive rent by the 10 per cent limit fixed in Rule I (5) of Res. Section No 479 dated 7th September 1888.
