Special report
on ²⁸⁵⁸
qualifications of
Assistant Engineer
Mr. A. C. Pereira

Mr. Pereira has during the short time he has been attached to this Division, since the beginning of March last shown that he possesses intelligence, energy and capacity for work. He has shown no physical weakness, but seems quite up to his work, and takes proper interest in it.

The time has not been long enough nor the opportunities sufficient to enable me to form an opinion as to his professional abilities and capacity.
