## GOVERNMENT OF MADRAS.

## PUBLIC WORKS DEPARTMENT.

25th August 1881, No. 2,102 W.

**Buildings and Roads.**
**Civil Works.**

Read the following papers:—

No. 99. From Major H. R. MEAD, R.E., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated St. Thomas' Mount, 27th July 1881, No. 320.

I HAVE the honor to request that you will be so good as to obtain an early order of Government on my list of bungalows and sheds, No. 299, dated 22nd September 1880, to enable the Examiner of Public Works Accounts to admit the transfer of the Overseers' sheds at Polláchi and Karúr, to which he objects in the accompanying letter.

Original letter from the Examiner of Public Works Accounts, dated 25th July 1881, No. 419.

---

From D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Superintending Engineer, Second Circle, dated Madras, 25th July 1881, No. 419 S.E. 2nd.

THE Executive Engineer, Coimbatore Division, having reported in his letter No. 98 of 1st instant that the Overseers' sheds at Polláchi and Karúr have been made over to the Local Fund Board under your instructions, I have the honor to point out that the sanction of Government is necessary for a transfer of this nature, and it should also be settled whether the buildings are to be made over free of cost or whether the Local Fund Board should pay for them. I have the honor therefore to request that you will address Government on the subject and obtain their sanction to the transfer of the buildings in question, pending which they should not be struck off the return of buildings submitted to this office by the Executive Engineer.

---

No. 1,776.

REFERRED to the Financial Department, with request that the Local Fund Board may be asked to state whether they are willing to take over the sheds in question on the understanding that they are to be kept in repair and handed back to the Public Works Department if required hereafter.

No. 100. Endorsement of the Chief Secretary to Government, Financial Department, dated 12th August 1881, No. 1,375.

From W. WILSON, Esq., President of the Local Fund Board, Coimbatore, to the Chief Secretary to Government, dated Coimbatore, 8th August 1881, No. 8.

WITH reference to your endorsement, dated 5th August 1881, No. 1,335,* on a communication from the Chief Engineer, No. 1,776, dated 2nd August 1881, I have the honor to inform you that the Local Fund Board of this Circle at its meeting held on the 29th January 1881 resolved to take over the two sheds in question together with seventeen others, as per list furnished by the Superintending Engineer, Second Circle. The condition on which these sheds were taken over by the Board was that half the cost of their repairs should be borne by the Public Works Department. A list of the sheds taken over was submitted to the Board of Revenue with reference to their endorsement, dated 7th February 1880, Miscellaneous No. 1,491, on copy of G.O., Financial Department, No. 2,423, dated 17th December 1879.

## PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

From Lieutenant-Colonel A. C. SMITH, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 18th April 1889, No. 179 E.W.

I have the honor to request, at the instance of the Examiner of Public Works Accounts, you will be good enough to obtain the sanction of Government to the payment of Rs. 101-1-2 made by this department to the District Board, being the moiety of cost of repairs executed by the Board to the Kótúr inspection shed.

2. Kótúr shed is one of the several inspection buildings that were transferred to the then Local Fund Board on condition that they would be kept in repair by the Board and surrendered should they hereafter be required for Government purposes (*vide* G.O., No. 2102 W., of 25th August 1881).

3. Kótúr is an out-of-the-way place in the Polláchi taluk. Most of the important irrigation works of the Aliyar river are within 5 miles or so of the place. There are no topes or trees or waste ground or other camping ground available at or within a radius of about 5 miles of the place. So the shed is occasionally used by the members of this department,—in fact, more frequently by the members of this department than by those of any other department.

4. The shed was repaired in 1887-88 by the District Board at an outlay of Rs. 202-2-3, and this department was asked to contribute half the amount, as the shed had been used by the officers and subordinates of this department, and the payment was sanctioned by my predecessor.

5. In these circumstances, I consider that the Board are entitled to recover half the cost of repairs to the shed from this department.

From the Examiner, Public Works Accounts, dated 10th May 1889, No. 624.

From Colonel H. M. VIBART, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 4th July 1889, No. 297 E.W.

With reference to your endorsement No. 2369 C., of 17th May 1889, herewith returned, I have the honor to state that no fees were charged by the Local Fund Board for occupation of the Kótúr inspection shed by the officers of this department.

Order—dated 22nd July 1889, No. 1967 W., Public Works.

Under G.O., No. 2102 W., dated 25th August 1888, the inspection shed at Kótúr was transferred to the Coimbatore District Board on the condition that it should be kept in repair by the Board. No undertaking was given that half the cost of repairs would be met by the Government, but as a payment of Rs. 101-1-2, being a moiety of the cost of repairs, has already been made to the Local Board, a refund will not be insisted on. In future, however, the Board will have to defray the full cost of repairs. They might levy fees from persons using the shed, and thus reimburse themselves for the cost of maintenance.

The transfer was sanctioned by Government on the distinct understanding that the building should be kept in repair by the Local Fund Board: it is therefore not clear how the Supg. Engineer can consider that the board are entitled to recover half the cost of repairs. The original proposal that the Board should pay only half the cost seems to have been considered and negatived. The Board got the buildings free of cost which was a considerable advantage. It is not stated whether any fees are charged by the Board for occupation of the shed.

This is in accordance with the G.O. no doubt but it seems rather mean. The Board can't sell the building or make anything out of it. If they are wise they will at once retransfer it, or deny the use of it to PWD officers. They were not bound to allow such use. I would pay in this case & say that in future the Dt. Board will have to pay the full cost of repairs and to levy fees from persons using the shed.
