Endorsement thereon in the Military Department, dated 24th July 1891, No. 4131.
From the Superintending Engineer, IV Circle, dated 24th July 1891, No. 381 W.
Office-note from the Examiner, Public Works Accounts, dated 30th July 1891, No. 4288.

ORDER—dated 6th August 1891, No. 2107 W., Public Works.

It appeared from the papers read with G.O., No. 1655 W., dated 19th June 1891, that the buildings connected with the European prison at Ootacamund had all been allotted with the exception of (a) European warders' quarters Nos. 24 and 5, (b) main building, or the prison proper.

2. In his letter No. 1618 M.W., dated 13th July 1891, read above, the Quartermaster-General refers to one of the warders' quarters as having been allotted to the European Inspector of Police. The information is based on the Sub-divisional officer's letter of the 5th May 1891, but it would appear, from a later communication from the

* With G.O., No. 1655 W., dated 19th June 1891. Executive Engineer, dated 6th June 1891, No. 3474,* that this allotment to the Police Department had been withdrawn,

thus leaving available the three quarters specified above. Two of these are now stated to be required for the Sergeant-Major and Sergeant Instructor of the Nilgiri Volunteer Rifles. They may be allotted accordingly. No specific proposal is before Government for the appropriation of the one quarter still available. It will be utilized by the Superintending Engineer in such manner as may be found best.

3. As regards the main building, the Commandant, Nilgiri Volunteer Rifles, requests that it may be made over to the corps as a place of arms and for other purposes connected with the corps. The portion marked A in the plan has already been occupied by the office of the Deputy Judge Advocate-General and that marked B has been allotted to the Inspector-General of Jails for records. The latter officer is, however, willing to remove his records into a portion of the old District Jail building stated to be available. This may accordingly be done, and the portion of the building thus set free, together with the remainder of the main building or such portions of it as may be required, excluding that portion occupied by the Deputy Judge Advocate-General's office, will be made over to the Nilgiri Volunteer Rifles on payment of such rent as may be fixed by the Superintending Engineer under the rules of the Public Works Department. The amount of the rent thus chargeable will be reported by the Superintending Engineer.

4. Such of the buildings as are occupied by the Military Department free of rent will be kept in repair from Military Works funds as already decided in the under-mentioned orders:—

The building will cost Rs. 900, of which a sum of Rs. 500 has been promised by a member of St. Stephen's congregation, and the balance is being raised by public subscription.

From C. F. MacCARTIE, Esq., Acting Collector of Nilgiris, to the Chief Secretary to Government, dated Ootacamund, 30th September 1889, No. 76.

With reference to Mr. Under Secretary Cardew's endorsement, dated 30th August 1889, current No. 3205, herewith returned with two enclosures, I have the honor to report that the site applied for by the Chaplain of Ootacamund forms part of the jail hill, which is in charge of the Public Works Department. The Executive Engineer, Nilgiris, on a reference being made to him, states that there is no objection to the appropriation of the site for the object proposed by Mr. Scott.

2. The Chaplain's views were requested in my letter, No. 2264, dated 17th instant, upon the question of the suitability of the site, the need for the building now proposed to be erected, and the means at his disposal for its upkeep. A copy of his letter in reply is submitted for information.

3. Under the circumstances stated by the Chaplain, I beg to recommend that the site asked for may be granted on the condition that it is not utilized for any other purpose without the sanction of Government, and that it is restored to Government when the necessity urged in the application ceases to exist.
