Proceedings of the Board of Revenue

(Separate Revenue).

Dated 5th October 1889.

No. 3475, sub.

READ the following letter from A. J. Arundel Esquire C.S., Collector
Kistna District to the Secretary to the Commissioner of
Salt, Alkari and Separate Revenue, Madras, dated 25th
September 1889, Extra No 242:—

In. G. O. No 1856 W. Public Works dated
21st June 1888, communicated from the Revenue
Department in Board's Proceedings, (Separate Revenue,
No 2239 mis, dated 16th July 1888, sanction was given
an allotment of Rs 4,500 for construction of a
corrugated iron goods-shed at the port of
Masmilipatam.

2. The shed has been erected on the
wharf adjoining the tidal lock. It was completed
in July, and is now full to overflowing, and
unable to afford the accommodation required. I
have therefore the honor to request that sanction
may be obtained and an allotment of an equal
sum

sum provided, for a second goods shed similar to the first.

3. The two sheds will be about a hundred yards from each other, near to the tidal lock, canal and sea channel and adjoining the main road to Masulipatam.

4. The charges for the use of the goods shed are extremely low, viz

1. pie per bag of 168 lbs
1 anna per ton of 50. cubic feet. } per week.
1 " — " — of 20 cwt. }

The rates can be raised after some further experience.

The receipts for August were Rs 36-8-5.

5. The exports of Paddy and rice have risen since last year and the following figures will show the need there is for the shelter now asked and the claim on Government for assistance from the large amount raised in export duty.

Paddy exported.	To other ports duty free	Dutiable.	Duty collected.
	Bags	Bags	Rs.
1887-'88	49,600	6,230.	22,962.
1888-'89.	60,190.	66,880.	25,100.

In addition to this increasing export of paddy 13,928 bags of rice were exported mainly to other Indian

Ports.

Ports. The bulk of the duty-free paddy is sent to Negapatam and pays duty there before re-export. Added to this duty-paying export there is the ordinary trade of the port, making a total value of 44. laes, and the greater part of this requires shelter from rain and sun. 3147

6. The Commissioner of separate Revenue, who is now here on tour has expressed his approval of this application and has instructed me to say that if funds cannot be provided this year from Savings, or allotted by Government from Provincial Reserve, as on the former occasions, the work may be entered in the Budget for next year.

Resolution.

Submitted to Government with the recommendation that a goods shed with a corrugated iron roof similar to that built under Government order P.W.D. Communicated in Government order, Revenue Department, dated 7 July 1888, No 3994, may be constructed by the Public Works Department either in the current

2 of

or in the ensuing year at the port of
