3. As the expenditure on the following works up to August 1889 is considerably short of the budget grant, no appropriation has been made for them. If, however, there is probability of additional grants being utilised on them, the Superintending Engineer will apply for the requisite funds later in the year :—

1. Sub-Judge's and District Munsif's Court at Pálghat.
2. Improvements to second and third blocks of the Collector's office at Mangalore.

4. Funds have not been provided for the following new works, as no explanation has been furnished as to the necessity for their early execution and as there are other urgent demands before Government to be complied with :—

1. Constructing a latrine for the Government College at Calicut.
2. Constructing a magazine for the Special Police force at Malápuram.
3. Constructing a latrine for the District Munsif's Court at Coondapoor.

6. Repairing St. Thomas' Church, Ootacamund.
7. Improvements to Connemara Cottage, Ootacamund.

5. The Superintending Engineer will explain the circumstances in which the full grant for the Sea Custom-house at Ponáni was surrendered. Explanation should also be furnished for the large surrender of Rs. 25,000 from the grant for the Vayitri-Gúdalúr road.

3159/2

6. As funds are not available with the Government under Imperial Military, the allotments applied for by the Superintending Engineer under that head can be sanctioned only to the extent of the amount surrendered. The following transfer of funds is accordingly sanctioned :—

Imperial Military Repairs.

From	RS.	*To*	RS.
Nílgiri division	4,000	West Coast division	4,000

and the Government of India will be requested to sanction the reappropriations proposed below :—

Current No 9897 with Draft Order

Note

3158/292

The undermentioned remarks are submitted with reference to the Honorable Member's note on the margin of the draft order.

The Supdg Engineer IV Circle surrendered Rs 47,859 under Provincial and submitted proposals for utilising the sum within his own Circle. He applied for allotments to 6 Minor works in the West Coast Division and 23 Minor works in the Nilgiri Division. As the amount applied for is in excess of the surrender it is proposed to allot funds to only those works which have been either completed or are in progress. As 4 of the minor works proposed for allotment in the West Coast Division are new it is proposed to provide no grants for them in the absence of urgency. Of the 23 minor works in the Nilgiri

22

Nilgiri Dn. brought forward by the Supdg Engineer, 3 are new and the remaining 20 have either been completed or are in progress, the necessary estimates for them having been sanctioned by the Supdg Engineer. Funds have therefore been provided in the draft order for these 20 works. Of these, 7 are for connecting certain buildings with the Ootacamund water-supply and it is desirable that they should be carried out as quickly as possible to complete the water-supply scheme.

Item 8, para 2 of the draft order is for providing record racks for Waterloo House Record room. This is a part of the Mount Stuart buildings occupied by the Army Head quarters offices and

---

and the work appears to be in progress on an estimate of Rs 2395 sanctioned by the Supdg Engineer.

Item 33 – is for completing the improvements to the Hobart Park at Ootacamund sanctioned in G.O. No. 2296 W dated 21st August 1889 and the Supdg Engineer has proposed reappropriation with reference to para 2 of the G.O.
