To.

The Superintending Engineer
5th Circle.

Sir

I have the honor to enquire whether the Government will consider it necessary for this Office to replenish the stock of such Famine Tools as hammers, crowbars. &c which has been very considerably diminished by the late demands made for Tools by the 1st Circle.

2. The issues made to that Circle far exceed the quantity prescribed in G.O. No 2787 W of 7th Nov 1884, as likely to be required, in the event of a Famine occurring in the Northern Districts.

3. I append a statement showing the quantity issued, as compared with that ordered to be supplied for the 1st Circle.

	Quantity Issued	Quantity to be supplied as per G.O.	Excess
Crow Bars 16 lbs	1,250	1500	2750
Hammers stone break- ing 3 lbs	1400	1000	400
Hammer 6 lbs	11650	5000	6650
Pick axes 5 lbs	2950	1600	1450

From Lieut Col S. C. Clarke R.E.
General Superintendent,
Public Works Stores, &c.

To

The Superintending Engineer
I Circle.

Sir

With reference to the G.O. No 2333 W dated
24 August 1889, regarding the subject of
the Famine Tools.

I have the honor to inform you,
that owing to the very pressing demands for
various kinds of Tools received from the
Superintending Engineer I Circle, I was
forced to manufacture the following Tools.

Crowbars — 750

and to purchase locally 500 Hand Hammer
but just before they were about to be des-
patched to Ganjam, the Superintending
Engineer telegraphed to stop any further
supplies, so that the said Tools are now
returned to the P.W. Stores not being
required at present. I must ask therefore
for permission to purchase them as
Famine Tools and plant to replenish in
part the exhausted stock.

I have the

No 4081.

Forwarded to the Chief Engineer
O.W. Department.

2. Under the circumstances explained
by the General Superintendent, I
recommend that sanction be given to
the 750 Crowbars and 500 Hand hammers
being treated as Framing Tools.

Madras, 16 October 1889

From Lieut Col. S.B. Clarke R.E.
General Superintendent

To
The Superintending Engineer
5th Circle
Madras.

Sir
I have the honor to inform you that on the 4 July 1889 the Superintending Engineer 1st Circle telegraphed to me, to make up 1000 Crow Bars 1 1/2" diameter for Famine Relief Works at Ganjam; 700 were made and despatched, but before the other 300 could be sent up, a telegram dated the 28th of August, was received cancelling the indent for Famine Tools.

The Superintending Engineer now states that no more Crow Bars are required as the Famine is nearly over.

I must therefore request you to be good enough to obtain permission to purchase the remaining Crow Bars as Famine Tools and Plant to replenish the stock now exhausted.

I have the honor to be,
Yours faithfully,
Sd/- S.B. Clarke R.E.

N^o 5756.

I forwarded to the Chief Engineer P.W. Department, with recommendation, that the circumstances reported by the General Superintendent may be given to the 300 Crow Bars being purchased as Famine Tools.

2. Sanction was given in G.O. N^o 2749 W dated 2nd October 1889, to the purchase of 750 Crow Bars 1 1/2" diameter and hammers under similar circumstances.
