28TH AUGUST 1888, No. 2648 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following paper:—

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General,
to the Secretary to Government, Military Department, dated Ootacamund,
16th August 1888, No. 2965 A.

Referring to O.G. No. 3976, of 14th June 1888, I am desired to state that the Chief Veterinary hospital at Bangalore having been established in the infirmary stables of the British Cavalry regiment there, it has been found that the pharmacy attached to these stables, though perhaps sufficiently large for the requirements of a British Cavalry regiment, fails to meet the requirements in connection with a Chief Veterinary hospital, inasmuch as it lacks the necessary accommodation for an office for the Chief Veterinary Surgeon and for a store room for the custody of the large quantities of stores which necessarily have to be kept there.

2. In para. 4, clause 2, of this office letter No. 3854 A., of 13th October 1887, recorded in O.G. No. 6672, of 31st idem, it is proposed to provide a suitable pharmacy and store room by adapting the existing Armourer's shop of the British Cavalry regiment for the purpose; but as this arrangement cannot be carried out until a new Armourer's shop is provided, which might be at a very distant date, His Excellency the Commander-in-Chief recommends that the Public Works Department be authorised to rent a private house for the purpose, a suitable building, known as the Scripture Reader's house, being at present available at a monthly rent of Rs. 20, in which accommodation could be found for a pharmacy, store room, and also quarters for the Line Orderly.

No. 5629, Military.

Transferred to the Public Works Department for favor of necessary action.

(By Order.)

ORDER—dated 28th August 1888, No. 2648 W., Public Works.

Communicated to the Superintending Engineer, V Circle, who will hire the building in question.

 If funds are to be
 raised, there is no other source
 than the Government.
 The Government is
 the only source of funds.
 We may be able to
 raise the amount required
 in the year if there are
 surrenders under Military
 Works. Even then the
 strict officer concerned
 will complain that the
 Government have interfered with
 allotment at his disposal.
 In the case under
 review I do not think
 at any time of propriety
 necessary. Although the
 amount of funds
 allotted to individual works, get
 purposes of accounts, the
 table of such allotments will
 be treated as the grant to
 the Division under Minor works

and the Executive Engineer
is empowered to incur expenditure
up to that limit upon
duly sanctioned estimates and
from 1922 to 1923 and from
1922 of the P.W. Code. If
this limit is exceeded by
any sum less than Rs. 500
no objection will be taken
by the Examiner under para
1908 rule IV of the P.W. Code.
In these circumstances there
will be no specific appropriation
required to meet the outlay
of Rs. 111 incurred by the
P.W. Department.

The Examiner will

however take objection to
the charge being debited to the
Head of account. It will
be for the Government to
decide whether the
outlay may be accepted as
a charge against the Govt.
in the circumstances explained
by the P.W. Department.

The general officer in

apparently the only
course is for an estimate

thence the estimate

The District Staff Officer

Bangalore

His No 1491 of the 20th instant, received this day, endorsed on letter No 1049 of the 19th instant from the L. Engineer Presidency Division, forwarding for sanction and allotment of funds an estimate amounting to Rs 111-0-0 for constructing a stone drain for the Station Veterinary Hospital stones, and Line Officer's quarters herewith returned.

II Begs to state that the work asked for has been carried out and that the building for which the drain has been made, is not a Government building, but a private house rented by Government for use as an office for the Station Veterinary Hospital, and to point out, that, had the instructions contained in Division and Garrison order No 1 of the 20th November 1883, and republished in District and Garrison orders No 2 of the 11th December 1888 been carried out Government money would not be expended on private houses, and the fact that such is the case was well known to the Subordinates of the Public Works Department.

Sub-Divisional Office,
Bangalore, 11 May 1889.

The Sub-Divisional Officer,

Bangalore Sub-Division
Madras P.W.D.

Delivered to the Engineer-in-Chief
P.W.D. Division

With reference to your No 1650A dated 13th April 1889 I beg to return herewith Dist Staff Officer No 1491 dated 23-3-89 and to report that the work was carried out on urgent sanitary grounds. Vide Senior Veterinary Surgeon's Requisition dated 18 February 1889 bearing your endorsement No 3337 dated 21-2-89 and to state that although the building is private property it stands on military grounds and is used for military purposes and as it is situated near the Barracks and Suk Horse lines it was necessary to carry out the work without delay.

It may be possible to recover the cost of the drain Rs 111 from the landlord of the house in question, the terms by which he was allowed to build on military ground, then there will be no other

alternation

4. The S. entine Engineer passed the requisition
to sub-Divisional Officer Bangalore for
very early attention" on 21st February 1889 and
without referring to Brigadier General for
funds or even applying for them or referring
to Supty. Engineer, authorised on 19th March
1889 the construction of the drain which in
the meantime his sub-Divisional officer had
carried out.

5. He applied to Brigadier General for funds
but without informing him that the work
had been finished and the Brigadier General
has declined to approve of the work for reasons
given in his District Staff Officers endorsement
No 1491 dated 23rd March 1889, and again
in his No 2556 dated 14th May 1889.

6. I would therefore request that orders
may be issued in view to prevent an objection
able stem being caused by the present
S. entine Engineer paying for the work:
Rs 111/4 is the amount required as last
reported.

The S. entine
means that the
S. entine should be
authorised to pay
for the work from
funds of the
local Government
as it can be
constructed, merely
having for the work
will not require
any objection
